CHANNEL TRAFFIC HALTED BY BRITISH ADMIRALTY TWO VESSELS PAY TOLL IN BLOCKADE

DEVELOPMENTS IN WAR ZONE BLOCKADE

All travel between England and the continent suspended by order of the British admiralty.

French steamer Dinorah torpedoed by German submarine off Dieppe, France, in naval war zone. Fate of crew unknown.

Dutch steamer Helena overhauled by Zeppelin in North Sea but allowed to depart.

Norwegian tank steamer Belridge strikes mine off Dover. Crew safely landed.

Emperor William and Admiral Von Terpitz at Wilhelmshaven to direct blockade maneuvers.

President Wilson and cabinet informally discuss unofficial text of Germany's reply to U. S. protest as published yesterday.

Washington, Feb. 19.—All travel between England and the continent of Europe has been suspended by the British admiralty until further notice, according to advices received today at the state department.

Some state department officials interpreted the suspension of "travel" as referring to passengers until there could be some rearrangement of ship schedules with protection of convoys, but other officials thought it might temporarily include all commercial intercourse across the English channel.

The suspension by the British admiralty probably will affect trans-Atlantic traffic considerably, but lack of definite information on England's proposed retaliatory measures against the German submarine campaign rendered it difficult for officials to forecast what the exact results of the order would be.

NORWEGIAN STEAMER HITS MINE OFF DOVER

Dover, Feb. 19 (via London).—The Norwegian tank steamer Belridge, which sailed from New Orleans, January 28 and Newport News February 5 for Amsterdam struck a mine off Dover early this morning.

The vessel has been beached at Walmer. It was further reported that she was only slightly damaged by the explosion but later it was learned that there had been fear of her going down. The pilot on board and 18 men of her crew have been landed.

FRENCH STEAMER IS SUBMARINE VICTIM

Dieppe, France, Feb. 19.—Via Paris).—A German submarine torpedoed this morning, without warning, the French steamer Dinorah, from Havre for Dunkirk, at a point 16 miles off Dieppe.

The Dinorah did not sink but was towed into Dieppe. No mention is made of the loss of any of her crew.

A plate on the portside of the steamer below the water line was stove in by the torpedo. Nevertheless the Dinorah managed to keep afloat by hard pumping. Word of the occurrence was taken into Dieppe by fishing boats and assistance for the Dinorah was promptly sent out. She was towed into port and her cargo will be discharged here.

The presence of a German submarine off Cape Ailly was reported four days ago. The daily steam traffic service between Dieppe and England has been suspended.

CABINET INFORMALLY DISCUSSES SITUATION

Washington, Feb. 19.—The official text of Germany's reply to the United States' note warning against damage to American ships in the naval war zone about the British Isles had not been received at the state department.

Officials explained the delay by pointing out that the ambassador has been using the cable which comes from Rome and goes over a circuitous route with numerous relays, while the unofficial information about the correspondence has been sent from Berlin to London, through neutral countries and then has taken the direct cable to the United States.

At the cabinet meeting today the unofficial report of the text published yesterday was discussed informally and while it was ad-

ZEPPELIN OVERHAULS VESSEL IN NORTH SEA

London, Feb. 19.—A dispatch from Rotterdam says the Dutch steamer Helena was overhauled in the North Sea last Tuesday by the Zeppelin L-5, which trained her guns on the steamer and ordered her to leave. When satisfied as to the Helena's identity, the captain of the Zeppelin apologized and re-ascended with his craft.

The activity of Zeppelin airships over the North-sea continues, telegraphs the correspondent at Copenhagen of the London Star and this in spite of the fact that two airships recently have been lost. Gaps in the fleet caused by disasters are being filled by Zeppelins drawn from the airship stations in western Germany.

It has been asserted that the entire Zeppelin fleet is patrolling the North sea just outside of English waters. Zeppelin No. 2 is believed to be the flag ship.

WANT STATE PROHIBITION

Indianapolis, Ind., Feb. 19.—Petitions for state-wide prohibition signed by approximately 20,000 men and women of Indiana, were presented to the legislature here today. A bill providing for state-wide prohibition has been introduced.

RUSSIA SUFFERED CRUSHING DEFEAT IN EAST PRUSSIA

Berlin, Feb. 19. (By Wireless to Sayville, N. J.).—Further reports concerning the German victory of the Masurian lakes, in East Prussia, make it apparent that the Russian defeat was a severe one. German military officers in Berlin doubt whether much remains of about five Russian army corps which were engaged in recent battle.

While the Russians may have saved some of their artillery through quick retreat it seems certain, army men say that troops to the number of at least 130,000

DEMOCRAT HAS ECONOMY PLAN FOR ASSEMBLY

Columbus, Feb. 19.—From the Democratic side of the house today came a new economy proposal to reduce \$100,000. Representative Nungesser, of Crawford, Democrat, introduced a bill to cut the pay of the chief justice of the supreme court from \$7,000 to \$6,000, associate justice from \$6,500 to \$5,500; judges of the court of appeals from \$6,000 to \$5,000; and common pleas judges from \$3,000 to \$2,500 as the minimum and \$15 additional for each thousand population, instead of \$25 for each thousand.

Representative Stevens of Guernsey, introduced a bill authorizing municipalities to publish ordinances in only one newspaper when only one exists in the municipality, or to use posters if no newspaper is published.

U. S. SHIP RAN THE BLOCKADE

Rotterdam, Feb. 19 (via London).—The steamer Uganda from Norfolk, Va., the first of the Belgian relief commission's vessels to arrive here since the declaration of the German blockade, docked at Rotterdam at 2 o'clock this morning. The captain of all the Belgian relief ships putting into Falmouth have been addressed to paint the name of the commission on the side of their vessels.

Raise Big Fund

London, Feb. 19.—The London Times has achieved what is claimed here to be a record in the field of raising money for a popular cause. Its fund for sick and wounded today passed 1,000,000 pounds (\$5,000,000).

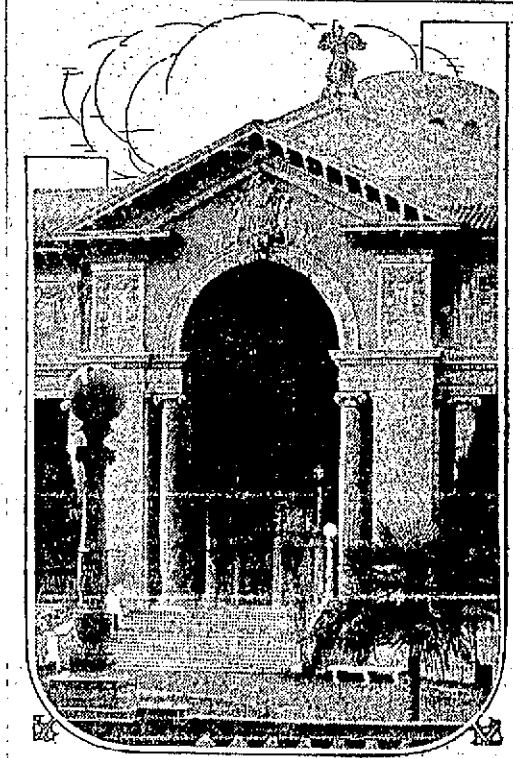

BRITISH HOLD OIL CARGO

Washington, Feb. 19.—The Standard Oil Company today reported to the state department the detention at Malta by British authorities of the British steamer Onaka, which sailed from New York Jan. 2, laden with her cargo of American oil, part of which was destined for Bulgaria.

GERMANY REQUIRES INDIVIDUAL PASSPORT

Washington, Feb. 19.—German military authorities now require that each person entering Germany be supplied with an individual passport. A wife or minor child cannot enter upon a passport held by husband or parent. This government has been so addressed.

PALACE OF EDUCATION AT PANAMA EXPO

One of the finest pieces of architecture at the Panama-Pacific exposition—entrance to the Palace of Education from the Court of Palma.

PRESIDENT OPENS BIG EXPOSITION TOMORROW

San Francisco, Feb. 19.—An electric spark of enormous potential, jumping across the continent will open the Panama-Pacific International Exposition at noon tomorrow, Pacific coast time.

In the White House at Washington, the president will press a button and the aerials of the great government radio station at Arlington will snarl and splutter. The vibrations will be received an infinitesimal fraction of a second later by a commercial station on the shores of San Francisco Bay, where they will be relayed by wire to a receiving instrument on the exposition grounds.

As soon as the signal is received, the wheels will begin to turn and the fountains to play; the gates will swing open and a procession of citizens, with the mayor at the head, will march onto the grounds.

At the same time, President Charles C. Moore of the Exposition company will inform President Wilson by word of mouth, over a telephone line already set up and waiting, that the wireless flash has been received and the exposition is open. In return President Wilson will send his greetings and good wishes. Ceremonies of dedication and acceptance as brief as it is possible to make them will follow.

Russia Conserves Its Cereal Supply

London, Feb. 19.—A Petrograd dispatch to Reuter's Telegram company says that an important conference attended by the minister of agriculture it was resolved to recommend the requisition of all stored cereals amounting to 50,000,000 poods (1,803,500,000 pounds) now in the hands of speculators.

The ministry of finance is organizing an international competition with prizes running up to \$15,000 for rendering methylated spirits and similar beverages absolutely undrinkable. Prizes of \$37,500 are offered for new or improved methods of utilizing spirits as combustibles. These awards with other prizes proposed aggregate \$300,000.

OHIO ASSEMBLY HEARS ENGLISH SUFFRAGETTE

Columbus, Feb. 19.—Miss Cristabel Pankhurst, English suffragette, addressed members of the house and senate after adjournment today in the house chamber. She told the legislators the great

duties of the United States during the war period are to maintain neutrality, to improve government by giving women the vote and to abolish social injustice by changing economic conditions.

Miss Pankhurst urged enactment of the Hoy bill to give mothers equal guardianship over children with fathers.

Miss Dorothy Englebrecht, of Second street, is ill with grip and tonsillitis.

are no longer to be reckoned with by the German armies.

London, Feb. 19.—All reports agree that the Austrians at last have flung the Russians entirely out of Bukovina. The Russians claim that they retired in good order.

GERMAN-AMERICANS FOR AMERICA FIRST, SAYS REP. BARTHOLDT

Washington, Feb. 19.—Representative Bartholdt, of Missouri, made the farewell speech in the house today, denouncing "the newspaper war against Germany." He declared Americans of German descent "are with all other true Americans for America first, last and always," and protested against American shipments of arms to the allies.

"In our present demands against England," he said, "our only alternative is either to give in or declare war. The threat of the embargo on arms, however, would quickly bring the mistress of the seas to terms without war."

Portraying the "staunch devotion of citizens of German blood to American ideals and the flag," Mr. Bartholdt declared "if unfortunately the United States ever again should be embroiled in war, which Heaven forbid, the Germans of this country would again as loyally rally around the Stars and Stripes. The Germans of this country are for America against England, for America against Germany, for America against the world. They will never waver for one second in their allegiance to their adopted land."

Mr. Bartholdt said Americans of German descent have been openly accused of divided allegiance and downright disloyalty and that while they know that "this wanton insult emanated from English and French press agents and they treat it with contempt, they resent that in the face of our own history, the American press should have opened its columns to such calumnies."

"The war," he said, "was started with a monstrous lie and to support it, a thousand other lies had to be told. The Germans were denounced as ravishers and plunderers and worse. The struggle is a warfare of falsehood against truth."

MEXICAN RAILWAY SERVICE IS HALTED

Washington, Feb. 19.—General Carranza's agency here today announced receipt of advices that 4,500 troops were moving to join other Carranza troops in a general attack on Monterrey.

"The Zapata forces have been routed from Zoultlan and Toluca, suburbs of Mexico City, suffering heavy losses," the agency announced. "It is absolutely false that Mexico City has been evacuated."

According to late dispatches, Consul Silliman may find difficulty in joining Carranza at Vera Cruz, as he intended, as the state department was informed today that railroad communication between Mexico City and Vera Cruz was totally interrupted.

Another consequence of the interruption has been the involuntary separation from his command in Mexico City of General Obregon, the Carranza chief, who recently left the capital for a conference with Carranza at Vera Cruz. All these activities have been ascribed to Zapata forces reported in considerable force all around the capital and who command the line of communication.

TRAIN ROBBERS FIND AN EMPTY EXPRESS SAFE

Washington, Feb. 19.—Police and deputy sheriffs were scouring Virginia hills today for two masked robbers who raided the express car of the Seaboard Air Line's Florida flyer just after it passed Alexandria, Va., last night but got only an empty safe for their risk.

MURDERER SENTENCED

Akron, O., Feb. 19.—Harry Boomer, murderer of Vinnie Becker, today was sentenced to the Ohio penitentiary for life following his plea of guilty to first degree murder in Judge W. J. Ahern's branch of the common pleas court.

SUSPEND "LOBBY" HEARING

Washington, Feb. 19.—The senate committee investigating charges of "lobbying" against the administration ship bill, took no testimony today and will meet again tomorrow.

CARRANZA THREATENED U. S. CONSUL

Washington, Feb. 19.—How W. O. Jenkins, consular agent of the United States at Puebla, Mexico, was confronted by a firing squad of Carranza troops, who were about to execute him when he was saved by the timely arrival of an officer, is revealed in a long report just received by the state department.

Details of the affair became known today, together with the fact that strong representations on the subject as yet unanswered were promptly made to General Carranza.

The United States government not only protested against the discourteous treatment to an American consular agent, but demanded the punishment of those who had threatened him.

BLOCKADE WORRIES STEEL INDUSTRY

Pittsburgh, Pa., Feb. 19.—Officials of local steel companies are showing grave concern over the sudden advance of about fifty percent in the price of manganese. The sudden jump followed German's declaration of a blockade against England, which it is feared may interrupt the shipping of that alloy from the latter country to the United States.

HUGE PUBLIC IMPROVEMENTS SEEM PROBABLE

Will Mean Better Times For Peerless City This Summer

THE IMPROVEMENTS

After City Solicitor Stanley McCall had given assurance that the city could legally issue a sufficient amount of bonds without putting it up to a vote of the people the board of control Friday got busy paving the way for various public improvements.

The N. & W. was given until April 1 to start the Lawson Run viaduct or overhead crossing, the city refusing to take any position on the company's latest conditional demand that council first vacate Kendall avenue as a public highway, the mayor holding that such had absolutely nothing to do with the overhead crossing and that he was opposed to abandoning any street unless property owners were compensated. The railway claims ownership of the crossing and the board held the city could not vacate anything it did not own.

Plans and estimates were called for to extend the flood wall as far as possible and that between \$60,000 and \$70,000 be spent for this purpose.

It was also decided to build not over one-half of the proposed Lawson Run trunk sewer this year.

Street and sidewalk paving, re-rating of water rents, the motorizing of the fire department were also taken up, all such public work to be done by present city employees exclusively, and the only outside counsel wanted is that of experts of the public utilities commission in passing upon sewer plans, overhead crossing plans and giving opinions on the water rent re-rating question.

A definite start towards getting public improvements for the year under way was made by the board of control at a meeting Friday morning. If they are carried out there should be work for everyone in Portsmouth soon. These plans may be carried out without submitting a bond issue to the vote of the people.

The city engineer was directed to prepare plans and estimates immediately for the proposed extension of the flood defenses to include the restoration of the Point at Seagood and Rejoice streets.

TWO FLOOD WALL PLANS

Two tentative plans were ordered for extending the flood wall. One provides for extending the wall from Chillicothe street, south to Mill street, east to the Highway Division house on the ridge east of Miller and south of Jackson street. The other provides for

MORE SEWERS TO BE BUILT

Engineer George Shute raised the point of the possibility of the government acquiring and demolishing a separation of the sewerage in the plans for a Lawson Run trunk line system to take care of the Hilltop and East End. The mayor also advised building only that part of the sewer from the Cecil Miller cul to follow the railroad tracks and thereby demonstrate to the public

WANT N. & W. TO GET BUSY

The board ordered that the city engineer supervise the construction of the Lawson Run viaduct or overhead crossing, and that the N. & W. railway be served with a notice to proceed with the work prior to the first day of April. City Solicitor McCall warned the board that the project would probably have to be approved by the city council in the company's request that the city vacate Kendall avenue or relinquish any claim it might have in same as a public highway.

This precipitated a storm of protests led by the mayor who contended that the company over a year ago had promised to start

and engineers and consult with them before awarding any contract. None of the officials felt any apprehension but what the project would be carried on without any difficulty.

WANT WALKS PUT DOWN

The mayor announced that he was opposed to any issue of bonds for the improvement of sidewalks but insisted upon the service department laying walks where such were previously ordered but not complied with and immediately collecting from the property. The solicitor reminded the board that no contracts could be let until the money was provided for. The mayor felt that if it

DISCUSS STREET IMPROVEMENTS

It was decided to carry on only such street improvements this year as were deemed really essential. Director Gergens advocated the paving of Park avenue with asphalt desiring that with every rain refuse from that street clogs up the Robinson avenue sewer. He also suggested the improvement of Garfield street or old Chillicothe road past Greenlawn cemetery. The money for this was provided for in a bond issue several years ago. The solicitor urged the importance of paving Norfolk avenue and Walnut street at East Portsmouth after the Gallia pike improvement is completed.

WANT BIG CONCERN TO PAY FOR WATER

Messrs. Lynn and Shute gave detailed reports of their efforts in re-scheduling the city water service. Most of the large consumers, said the latter, were using more water than they were paying for on the old flat rate basis and the waste of water was considerable. He spoke of the growing use of gas engines which use a large amount of water at \$2.25 per horse power for the year.

If the water were used economically this rate was none too much but in summer time when more water is used for cooling such engines the rate would not compensate the city. On the other hand this rate is unfair to such who possess tanks and hardly use any city water or operate their gas engines only occasionally. He told an example of the waste of water that the Briggs House which pays a water rent of \$103 per annum, that all closets and all lavatories were running full till and the rent should be from \$800 to \$1000 instead. He told of the visits to the shoe factories of the city where owing to the deep wall systems of their own it is hard to determine just how much of the city supply is being used.

Many manufacturers who claimed to have but slight use for city water, he said, were the first

MOTORIZING FIRE DEPARTMENT URGED

The proposed motorizing of the city fire department was also briefly referred and it was decided to urge upon council to act favorably upon the matter as early as possible.

Mr. Shute reported leaks in the well and boiler house of the new pumping station as having caused some trouble during the recent high water and felt the city should repair the same. The mayor insisted that such would be the pump.

TERMINALS GIRLS NIGHT AT TRINITY CHURCH

J. W. Marshall, N. & W. section laborer was badly bruised and received a gash over his eye Thursday afternoon, when he fell from a rapidly moving hand car at Seioville. He was on the car with the remainder of the section crew when the accident occurred. None of the crew knew he had fallen until they had gone over 50 yards. Going back they found Marshall in a semi-conscious condition on the tracks. He was taken to Dr. J. W. Hutchens' office in Seioville where his injuries were dressed.

Mr. and Mrs. Norman Apel who returned from an extensive bridal tour in the East Tuesday have gone to housekeeping in one of John W. Chick's cottages on Gallia pike. The house was formerly occupied by Mrs. Rose Roseberry. Mr. Apel is one of the valued employees of the United Fuel and Gas company at New Boston. The happy couple were married over a week ago.

Mrs. R. B. Cross, wife of N. & W. chief night dispatcher Cross, is visiting in Peabody, O.

Edwin Bodwlek, N. & W. file clerk, who has been off duty for two weeks, could not resist the temptation to get out in the spring sunshine Thursday afternoon, and during his ramble he went to the N. & W. division offices and paid his fellow clerks a visit. He expects to resume work Monday.

E. F. Riedinger, secretary of the Y. M. C. A., expects to return Saturday afternoon from Cleveland, O., where he attended a big Y. M. C. A. meeting.

E. B. Osborne, secretary of a religious work of the Y. M. C. A., was on N. & W. passenger train No. 15, which killed Mason McNeal at Seioville Thursday afternoon.

Harley Hood, N. & W. timekeeper in the local yards has a badly inflamed eye.

C. B. Clark, assistant clerk in Assistant Superintendent H. T. Reinke's office has been off duty several days on account of illness.

Mrs. Everett Arts, of Frost, Ky., is the guest of her daughter and son-in-law, Mr. and Mrs. T. W. Ratcliffe, of Poplar street.

A. L. Powell, N. & W. agent at Seioville still continues on the sick list. Will J. Jaynes is filling his place.

Mrs. Carl F. Cook, wife of an N. & W. fireman is visiting friends and relatives in Chillicothe, O.

FRIENDLY NEGLECT.

The Norfolk & Western Railroad occupied more or less of the time and abilities of a half dozen councils with the Kendall avenue viaduct project, all the time getting most considerate attention and having all its propositions accepted, even to changing the site from a certain street to another and altering the crossing from a ground to an overhead one; in fact, with the whole matter of construction placed in its own hands.

Now, after all plans have been made to its apparent satisfaction, when inquiry is made of it why a long period has been allowed to elapse without any move being made on its part towards the construction of the viaduct, it nonchalantly replies it is waiting to see whether or not the city is going to abandon Kendall avenue as a thoroughfare, claiming the city is exercising rights over that section which crosses the railroads, at its sufferance, and it owns the title to the land. It does not clearly disclose the full nature of its alleged fee title, but that is a matter which the proper authorities can discuss and determine. The point immediately presented is, that it may occur to some that in view of the exceedingly friendly attitude which the community has always assumed towards the road and the ever fair, not to say generous treatment accorded it by administrations, this negligent treatment is scarcely proper. It is true, it is human nature to presume on the patience of friends, to rather neglect them, but the very practice accounts for old friends so often drifting apart.

Railroads are learning the wisdom of taking the people into their confidence and treating with the public with prompt and open frankness. Portsmouth, in view of their mutual, cordial relations, expects the Norfolk and Western to be the last to overlook the virtue of this in dealing with it.

CANCER—A DISEASE OF MANY FORMS

(Journal of the American Medical Association)

People commonly think of cancer as a single definite disease, as distinct and uniform in its nature and symptoms as appendicitis or typhoid fever. This is a misconception. It is nearer the truth to regard "cancer" as the name of a group of quite different diseases which have one feature in common. It has been said that the layman's conception of cancer is of something very indefinite, very portentous, quite hopeless, a disease which always affects someone else than himself, and about which he carries no immediate interest or responsibility. If this is a fair statement, the layman is wrong on practically every count, and his error and confusion is probably due, in no small part, to the failure to take account of the many forms of cancer. If this were done, perhaps the patient would not so frequently yield to despair and throw away the excellent chance of cure that exists when the disease is first discovered.

An matter of fact "cancer", in the light of modern knowledge of human ailments, is almost as general and vague a term as "fever". The word covers a number of entirely distinct diseases, differing widely in their origin, symptoms, treatment and curability. The various kinds of tumors have little in common except that they are all forms of new and lawless growths of body cells.

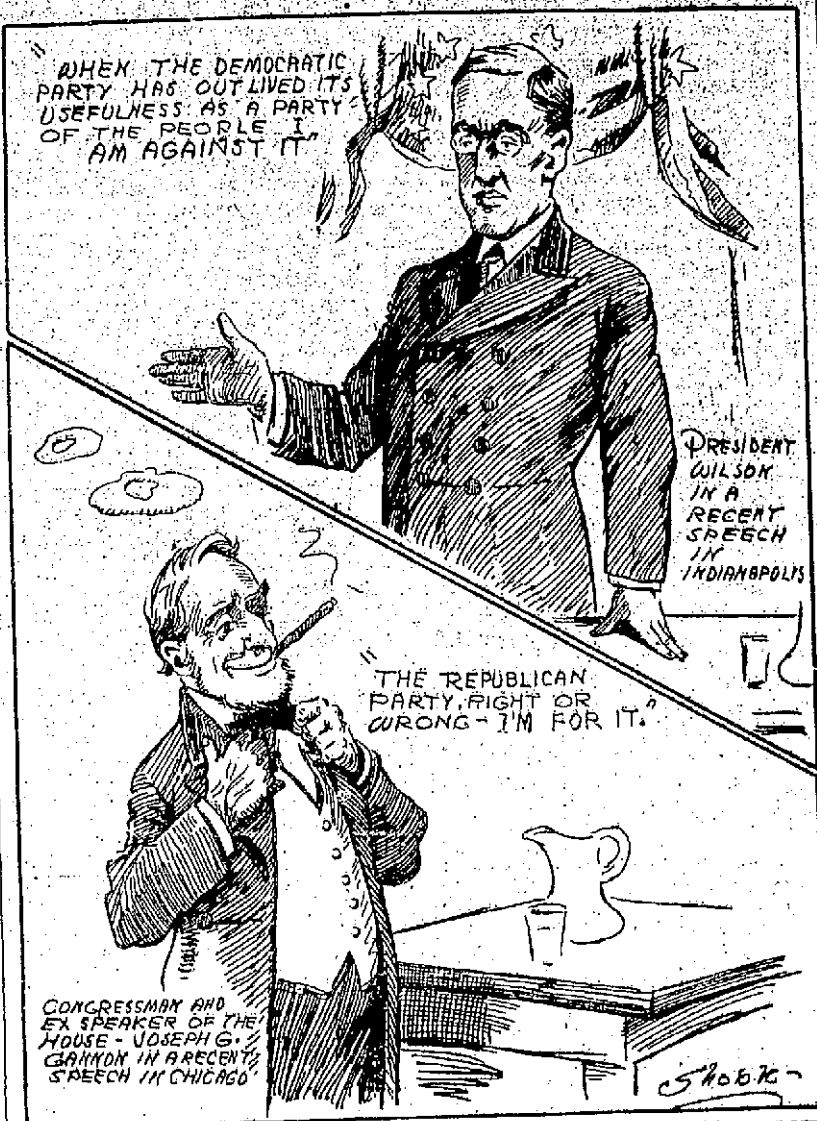

This false notion of cancer as a single disease has probably hindered progress toward the understanding and control of the various diseases which are conveniently grouped under that term. All forms of cancer are aspects of new and lawless cell growth, and it is the inner nature or "cause" of such growth that we do not yet understand.

The essential point for the man in the street is that each different kind of cancer is a separate disease. If he is so unlucky as to be attacked by any one of them, it would be well for him to become discouraged to go and find out which form he has. If he is taken with a "fever" and it happens to be German measles, his outlook on life is quite different than if it happens to be virulent smallpox. So, also, a "rotent ulcer" on the face is quite different from cancer of the stomach. And lastly, one is a more serious disease than the other, there is always hope if it is recognized and treated at once. Why not give the surgeon the same chance with cancer as he has with appendicitis? Suppose all symptoms of that disease were neglected and hidden until the appendix had burst? Doubtless the surgeon would still save a certain percentage of cases, but would the record be anything like it is now? It is the intelligent co-operation of the patient and the family physician that has conquered appendicitis, and the same weapons are even more needed in the fight against cancer.

WILL MEET APPROVAL.

Council seems to have quite a sudden, even a violent awakening to several important needs and has turned to a discussion thereof with apparent seriousness. Among the more important things it has taken into consideration is the extension of the flood wall defense. All in all this work, in so far as it has been carried

TWO TYPES OF AMERICAN CITIZENSHIP.

forward, has been the most valuable improvement Portsmouth has made in all its history. It is unfortunate that having been so bravely started on its way in 1907 it has been permitted to lag in complete. A mere section of the plans finished saved the city from a most serious catastrophe in the great flood of 1913 and demonstrated not only in the vast loss it saved the protected portion from, but the confidence of security it bred in the public mind, that it was worth ten fold its cost.

Carrying the plans of protection to a complete consummation presents a hard financial problem, but it is one in every way worth solution, and council can in no wise serve the city better than find ways and means to work it out.

THEY ARE IN TOWN.

The suggestion that property owners, having defective sidewalks, or none at all, in front of their premises, proceed to lay new ones in order to give employment to some out of work, is worthy of good consideration, and, doubtless, will move some to action.

It carries with it, however, another suggestion. Most persons move to town because they want its conveniences and its advantages. To provide these is a burden to some extent that is fair measure should fall upon all. It isn't a fair distribution. For one citizen to walk upon good paving laid by several while he compels many others to wade through mud and muck because he refuses, or neglects to lay a proper walk in front of his own property. The best town is that in which every man takes a just and reasonable pride, in both spirit and action. Almost every one can contribute something towards making it a more pleasant and desirable place of residence by readily and cheerfully contributing such conveniences as circumstances and conditions say shall fall upon him.

FOR LITTLE POLK
ALICE GREEN, Author

THE DISCONTENTED TORTOISE

One day a little Tortoise while crawling on the ground stopped in his tracks and shook his head and gave a sigh profound.

Said he, "I have the dullest life of anyone I know. And it is most provoking to have people call me slow."

"I'd like to have adventure," and he sadly shook his head. "But I crawl round and live inside this silly shell instead. If only I could be a Fox, how happy I would be; His must be an exciting life and full of fun," said he.

A Fairy heard his wish and said, "All right, I'll let you be a Little Fox, but if you get in trouble, don't blame me!" She touched him with her fairy wand, and lo! the deed was done. That Tortoise turned into a Fox, and started in to run.

And as he ran he said, "This is the way I like to go; I guess if people saw me NOW they would not call me slow." Just then he saw a pack of hounds come dashing down the hill, and at the sight this little Fox turned positively ill.

"Those dreadful hounds will capture me, I know it very well! Why did I ever wish to leave my cozy little shell?" And as he said this and as he'd given up all hope he found He was a Tortoise once again, a-crawling on the ground.

Said he, "On sober second thought I find it's just as well. That I should keep my peace of mind by living in my shell. And furthermore I've changed my mind about my rate of speed; It's more important to go far than fast; it is, indeed!"

PUT STOMACH IN FINE CONDITION

Says Indigestion Results from an Excess of Hydrochloric Acid.

Undigested food delayed in the stomach decays, or rather, ferments the same as food left in the open air, say a noted authority. He also tells us that indigestion is caused by an excess of hydrochloric acid in the stomach which prevents complete digestion and starts food fermentation. Thus everything eaten soon in the stomach much like garbage soon in a can, forming acid fluids and gases which inflate the stomach like a toy balloon. Then we feel a heavy, lumpy misery in the chest, we belch up gas, we eructate sour, or have heartburn, flatulence, water-brash or nausea. He tells us to lay aside all digestives and instead, get from any pharmacist four ounces of Jial Salts and take a tablespoonful in a glass of water before breakfast and drink while it is effervescing and furthermore to continue this for a week. While relief follows the first dose, it is important to neutralize the acidity, remove the gas-matter mass, start the liver, stimulate the kidneys and thus promote a free flow of pure digestive juices.

Jial Salts is inexpensive and is made from the acid of grapes and lemon juice, combined with alkali and sodium phosphate. This harmless salts is used by thousands of people for stomach trouble with excellent results.

POLLY AND HER PALS

WAL, UNCLE LUKE'S PREPARED TO HOLD HIS OWN

Miss Dolly Wise

She is here to answer any and all questions concerning love, matrimony, troubles, woes, enigmas, etc. Inquiries should be addressed to Miss Dolly Wise care The Daily Times, Portsmouth, O. Office Phone 62. Residence A-444.

Portsmouth, O., Feb. 18.—Miss Dolly Wise.—Would you please settle a bet for me? Does a horse pull or push when he is hitched to a wagon? And is a frog a fish, or an animal?

OH YOU KID.
It might just stand still. A frog is an amphibious animal.

Miss Dolly Wise.—To settle an argument, was not Mr. Evans, of the Peoples Cash Store, corner Gallia and Sinton streets, the originator of "The Do It Now" plan?

TIPPERARY.
No. He was the originator of the "Do 'em all, and do 'em first" plan.

Dear Dolly.—As it is customary for everyone to take some kind of a "spring" medicine, will you kindly recommend a harmless, though good remedy to me.

TONY.
One of the best and most harmless blood purifiers is sulphur and cream of tartar. Take a teaspoon of sulphur to a pinch of cream of tartar. It may be taken with water or with molasses. It is best taken before breakfast. Old fashioned sassafras tea is a good blood purifier and also thins the blood. It is an excellent spring medicine.

Bertha, Ohio, Feb. 18.—Dear Miss Wise.—As we are thinking

DON'T WASH YOUR HAIR WITH SOAP.

When you wash your hair, don't use soap. Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is just plain emulsified coconut oil, for this is pure and entirely greaseless. It's very cheap, and beats soap or anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months. Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, feels looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.

Dear Miss Wise.—I have a horrible complexion, as I am covered with black heads. What is good for them?

BERTHA.
To cure black heads make an ointment of one ounce of soap liniment and one ounce of ether. Mix; apply at night; wash off in the morning with hot water. Continue treatment until spots have disappeared.

Dear Miss Wise.—If the kind neighbor that wants the information about a little 13-year old girl talking to a boy would attend to her own duty of looking after her little ones and keep herself in a better condition, she would not see her neighbors so often. Her house, as well as her back porch looks awful, and besides I wish you, as a woman of

knowledge, would give such meddlesome, illiterate people a little lecture. Slander is a dreadful thing. The very idea of people seeing the evil in everything only the evil minded see the evil in all things, to take one's life is not the only way to kill. Often a girl's good name is gone, she is dead so for the benefit of those that don't know, will you speak?

A MOTHER OF A 13-YEAR-OLD GIRL.

It isn't necessary to add anything to your letter, for you surely have said enough. Still I would like to ask how you know that question was asked for your benefit? There are hundreds of 13-year-old girls in Portsmouth, and lots of them stand out and talk to the boys.

Dear Dolly.—I am a little girl 8 years old and go to school every day. Would you please tell me where I could get two little Maltese kitties? Thank you.

MARY MARGARET RUARK,
835 Fourth Street.

If any one has a couple of kitties to spare I hope they will remember little Mary Margaret.

SCHOOL KID.
The only harmless remedies that I know of for freckles are lemon and buttermilk. I wish people would remember this as I grow weary of having to print the same thing over and over again.

Dear Dolly Wise.—What is the salary of the president and what is he allowed for traveling expenses?

THANK YOU.
The president's salary is \$50,000 per year. In addition to this he is allowed \$25,000 traveling expenses.

BLUE BIRD.

You might pen him up or handcuff him, if you can't keep him any other way.

Darling Sugar Lump.—Never let a boy take such liberties with you, Sugar Lump. Why not try and please your folks. I'm sure you must be partly to blame for the trouble. If you can't get along peacefully why not get a job and go to work? Then you wouldn't be at home enough to fuss with them.

Dear Miss Wise.—Please tell me when the terms of our present United States senators expire?

ANXIOUS.
The term of Senator Theodore Burton, of Cleveland, expires March 4, 1915. He will be succeeded by Warren G. Harding, of Marion. The term of Alice Pom-

SOCIETY

The vocal pupils of Mrs. Geo. B. Matthews will give a recital at her studio at "The Three Oaks" corner Brown and Jackson streets on Thursday evening at 8 o'clock.

After the class program some of the older pupils will give a few numbers for the pleasure of new members of the class. Refreshments and a social evening will follow. This is the first pupils' recital Mrs. Matthews has given since her return from London where she spent last winter and spring in the study of voice culture.

New pupils are being added to the class and these very helpful recitals will be given at intervals.

Mrs. Joseph Winkler of Wheelersburg, is visiting relatives at Sciotoville.

The Bona-Fide Girls gave a little surprise on one of their members, Mrs. Nello Moatz, last evening, when they came merrily tripping into her home on Grandview avenue to the music of laughter and banter.

With their arms full of mysterious packages, which proved to be music, are needle work and substances, the latter of which the girls turned into toothsome sweets with their candy receipts and deft fingers. This club was formerly composed of six pairs of sisters, but some of them were out of the city, or away attending school. Those present were the McLaughlin sisters, Clara and Marie, the Walter sisters, Clara and Mary, the Vanhorn sisters,

Ernie, of Canton, does not expire until March 4, 1917.

Dear Dolly.—What is the proper way of massaging lines about the eyes? Also horizontal and vertical lines of the forehead?

OLD MAID.
Rub in a circle. Use the tips of the fingers only. Use the circular motion for forehead wrinkles also.

Miss Grace Cline entertained the girls of the mailing department of the Selby Shoe Co.'s office and their friends one evening this week. Those present were Misses Ursula Billian, Ruby Roberts, Bertha Welby, Pearl and Helen Nagel, Messrs. Ed Lewis, Ellsworth Damon, John Knaues and Joe Schisler. The amusements of the evening were candy making and music.

The Young People's Missionary Society of Bigelow Methodist church will meet at the home of Miss Myrtle Little, on Monday evening. The assistants will be Mrs. Terry Duvenport and Miss Lucie Swishlock. A full attendance is desired, as this will be the last meeting before the revivals.

The First Baptist Woman's Missionary Society met yesterday afternoon at the home of Mrs. O. C. Liko, where there were twenty-five present. Mrs. James Yeley was the leader of the reading of "The Child in the Mist." Mrs. William Sowers was the assisting hostess. Refreshments were served. The next meeting will be held at the home of Mrs. John Sowers, where Mrs. Florence Williams will be the leader.

Miss Nell Turley's guest, Miss Eleanor Blackford, left today for Huntington to visit Miss Marion Emmons, and tomorrow will go to her home in Parkersburg, W. Va.

The regular meeting of the Tennyson Club was held yesterday afternoon at the home of Mrs. C. C. Bothwell, on Eleventh street. The rooms were adorned in keeping with Washington's birthday, in American flags and a picture of George Washington in a conspicuous place.

Mona and Jessie. The evening passed all too quickly for the jolly bunch of girls, for they are to each other all that the name "Bona-Fide" implies.

Miss Fay Wilson, of Jackson, will arrive this evening to visit her grandparents, Mr. and Mrs. D. E. Hughes, of Second street. Mr. and Mrs. Reinhold Peterson, who have also been visiting at the Hughes home, will be accompanied by Miss Fay when they leave for their home in Chicago, Tuesday. Mrs. Peterson is a daughter of Mr. and Mrs. Hughes.

Miss Ada Lawhorn, of 1517 Tenth street, left Wednesday evening, for Vincennes, Ky., where she will spend a few weeks with friends and relatives, also at Clarkburg, Ky., where she will visit her grandparents, Mr. and Mrs. Charles Ruggles.

A crowd of jolly folks spent Sunday at the home of Mr. and Mrs. Charles Hammerstein and family, of Wheelersburg. The day was spent in games and music. Those present were Mr. Charles Bihl, Mr. Jacob Essman, Mr. and Mrs. Charles Essman and daughter, Mary Catherine, Mr. and Mrs. Andrew Bihl and child, William, Christine and Raymond, Mr. and Mrs. Frank Essman and sons, William and Henry, Mr. and Mrs. Charles Hammerstein and daughters, Emma, Agnes, Margaret and Charlotte, Mr. and Mrs. Bernard Schwamberger and children, Christine, Marie and Bernard, Mr. Fred Bihl, Henry Frischke, Albert Emmett, Fred Essman and Harry Schunamberger. Refreshments were served. All departed at a late hour, hoping to meet again in the near future.

The deferred monthly meeting of the Woman's Auxiliary of the First Presbyterian church met yesterday at the home of Mrs. Louis Peck. The assisting hostesses were Mrs. John Reilly and Mrs. Charles Smith. All of the old officers were re-elected, as follows:

President—Mrs. J. W. Dunning. Vice-President—Mrs. S. D. Ruggles. Secretary—Miss Margaret Miller. Treasurer—Mrs. Rita Matthews. Secretary of Literature—Mrs. C. F. Losh.

The next meeting will be held at the home of Mrs. Fred Peck, who will be assisted by Mrs. David Thomas, Mrs. Charles Wagner and Mrs. D. W. Hopkins.

C. O. Dodson left yesterday for Dayton to look after a position offered him and from there will go to his home in Terra Haute, Ind.

The Westminster Guild of the Second Presbyterian church met last evening at the home of Miss Florence Riley and elected officers as follows:

President—Miss Nellie Emmert. Vice-President—Miss Jean Bert-ram. Secretary—Miss Lillian Emmert. Treasurer—Miss Irene McGregor. Mrs. Irving Drew gave an interesting talk on "Red Man's Land," and showed many pretty baskets and other work of the Indians.

In serving refreshments Miss Riley was assisted by Miss Margaret Quinn.

Mrs. Lydia Jones, who has been ill with grip, is able to be up.

Washing Won't Rid Head Of Dandruff

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

Do this tonight, and by morning most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work.

The club members are invited to the tea to be given by the Portsmouth Federation of Women's Clubs Saturday afternoon at the home of Mrs. Howard Sellards, president of the Federation, 801 Offshore street. Mrs. Bothwell was assisted by her mother, Mrs. Simonson, in serving delicious refreshments, including candied cherries. The paper napkins were adorned with cherries. The very interesting program followed:

Scripture, Romans 12th chapter—Mrs. S. C. Chick. Roll-Call—Patriotic Sentiments—Paper—"The History of Warfare"—Mrs. John Rottinghaus. Paper—"The Evils of War"—Mrs. F. V. Knaues.

Paper—"International Peace"—Mrs. Isabel Thomas. Recitation, "Forty Years Ago"—Mrs. F. W. Chuse.

Current Events—Mrs. Fred Baker. Sunshine Corner—Sentences from Lincoln and Washington.

The next meeting will be held at the home of Mrs. J. E. Morris, on Highland avenue.

The Joseph Spencer Chapter, D. A. R., will give a Colonial Kensington Monday afternoon at the home of Mrs. Guy V. Williams, where the guests can come in colonial costume or not, just as they care to do.

The Mary Irvin Loyal Temperance Legion members are requested to meet at 1661 Gallia street, between Offshore and Lincoln, Saturday afternoon, at 2 o'clock, to re-enroll the Legion and plan for the summer's work.

The Country Club will participate in a banquet this evening at the handsome new home of Mr. and Mrs. J. F. Carr, on Second street. Little Misses Sara Louise Walker and Katherine Flood will usher the guests to the up-stairs rooms, where the wraps will be removed, and Harold Walker will have charge of the Edison Disc phonograph music during the evening. The banquet will be served in five courses.

School Authorities Upset The Plans For Playing Hockey

Vigilance on the part of the high school authorities, parents, and older brothers, prevented an exodus of truant high school boys and girls to Catlettsburg, Ky., on the noon N. & W. train, Friday. Fully a dozen of the pupils played "hockey" Friday morning, intending to leave at noon so as to be on hand early for the basketball game between Portsmouth High and Catlettsburg High Friday evening.

Superintendent Appel and Principal Creveling got wise to their plans, however, and were on hand when the train pulled in. In the meantime they had advised the parents of the truant pupils, some of whom were also at the depot to prevent them from leaving. Others send older brothers in their places to assist the school authorities.

This unexpected interference served to "bluff" the majority of the party, who left from the train on the opposite side from the depot and started back in the direction of the business district of the city. Four young men, two high school students, who had obtained permission from their parents to leave at noon, and two who only recently withdrew from high school, were the only ones who carried out their intention of leaving via the N. & W. The others decided to wait until the afternoon C. & O. train.

Crowd At Novelette

One of the largest crowds that has attended the Novelette rink did so last night to enjoy the Hard Times party. The features of the evening were the most graceful couple contest won by Miss Orna Holmes and Charles Doly. The judges were E. K. Wnas, P. Shields and Robert Baker. The other big feature was the grand march led by Manager Paul Briggs and Miss Ethel Moore.

Gives Some More Advice

To Our Friends, The Plumbers Union:

It occurs to me that you can correct such abuses as that "bad lead waste pipe" put in by either an incompetent or dishonest member of your Union by expelling him from your ranks. Such action would win the respect of the public and be far more effective than the inspection of any board.

THE DOCTOR'S WIFE

Agrees With Him About Food

A trained nurse says: "In the practice of my profession I have found so many points in favor of Grape-Nuts food that I unhesitatingly recommend it to all my patients."

"It is delicate and pleasing to the palate (an essential in food for the sick) and can be adapted to all ages, being softened with milk or cream for babies or the aged when deficiency of teeth renders mastication impossible. For fever patients or those on liquid diet I find Grape-Nuts and albumen water very nourishing and refreshing."

"This recipe is my own idea and is made as follows: Soak a teaspoonful of Grape-Nuts in a glass of water for an hour, strain and serve with the beaten white of an egg and a spoonful of fruit juice for flavoring. This affords a great deal of nourishment that even the weakest stomach can assimilate without any distress."

"My husband is a physician and he uses Grape-Nuts himself and orders it many times for his patients."

"Personally I regard a dish of Grape-Nuts with fresh or stewed fruit as the ideal breakfast for any one—well or sick."

In stomach trouble, nervous prostration, etc., a 10-day trial of Grape-Nuts will usually work wonders toward nourishing and rebuilding and in this way end the trouble. Name given by Postum Co., Battle Creek, Mich.

Ironton Protects Home Industry

Ironton, O., Feb. 19.—A number of young men who were soliciting orders for groceries were hauled before Mayor Hannan in police court yesterday, and ordered to desist from their work in this city. They protested strongly against the order and declared that they were working under the provisions of the interstate commerce commission and would lay the matter before their firm at Columbus, O.

The mayor, however, remained firm in his decision not to allow mail order representatives to "work" this city and declared that until higher authorities issued an order forbidding him to take action on behalf of the local merchants, whose goods he claims are far better and in the long run cheaper than those of mail order houses.

These were not Dave and O. L. Schrader, the two young men who were arrested for attempting to "mash" local young ladies. However, these two young men have given the city a wide berth and will likely do so in the future.

WILL GET THERE QUICK

The Walters Plumbing company, one of the progressive establishments of the city, has purchased a Buick automobile which will be used in its business. This firm is making a specialty of "Getting There Quick," and the automobile will enable them to make new records.

CHARITY SOCIAL WILL BE GIVEN

The entertainment committee of the Jr. O. U. A. M. reported at the meeting Thursday evening, that arrangements were being made for another "Charity Social" some time in March. The feature of the affair will be a mock initiation, the speaking parts for which are now being rehearsed by the members who will take part.

One candidate, Charles Martin, was initiated into membership at the meeting, while one other application was received. The initiatory work was put on by the degree team, which was out in full force.

Members of the order were invited to attend the social to be given next Tuesday evening by the Daughters of America, an auxiliary organization, and many signified their intention to attend.

TEACHERS' MEETING AT SCIOTOVILLE

The teachers of District No. 1 held a meeting at Sciotoville Saturday, Feb. 13, at the call of District Superintendent Clarke Fullerton. Many interesting questions pertaining to teaching were discussed.

Every school in District No. 1 is graded and all pupils have grade cards which are marked monthly by the teachers and sent to the homes

for the inspection of the parents. Every school has been provided with permanent records which not only show the attendance, but also have a complete record of grades and standing of the pupils.

Suplt. Fullerton has visited all the schools in his district from four to ten times, and has conducted uniform examinations.

LIQUOR COMPANY IS INCORPORATED

Columbus, Ohio, Feb. 19.—Incorporation papers of the Home Liquor company, of Portsmouth, were filed here today. The incorporators are Frank Russell, J. H. Gill, J. H. Mendel, Ada Russell and Leath Mendel. Capital stock \$3,000.

The new company expects to engage in the wholesale and retail liquor business and is negotiating for the Billy Maier stand at Gay and Gallia streets.

Closing Out Men's Line

With its reorganization the firm operating the Fashion on Gallia street will discontinue its line of men's clothing. Manager Kline, an expert in handling women's clothing, expects to devote his entire time and interests to giving Portsmouth a select line of women's wearing apparel. He is closing out his entire men's stock at remarkably low prices.

Father Ill

Rev. J. J. Upton, of Otway and Mrs. James Dixon, of this city, were called to Farmer, Bath county, Ky., Thursday by the serious illness of their aged father, Rev. G. N. Upton. Another son who is also a minister, Rev. Isaac Upton, is located at the home town.

With Attorneys

Miss Myrtle Ziegler, who was formerly employed in the offices of the Whitaker-Glessner Steel company is doing some special stenographic work in the offices of Attorneys Blair and Kimble.

Must Fill Holes

The mayor has requested the service department to fill up with sanders the holes in the temporary road east of the Gallia pike paving at the Terminals.

SOME DON'T

For Stomach and Liver Sufferers

Don't take medicine for your Stomach ailments morning, noon and night, as usually such medicines only give temporary relief and simply digest the food that happens to be in the stomach.

Don't permit a surgical operation. There is always a serious danger in operations and in many cases of Stomach, Liver and Intestinal Ailments the knife can be avoided if the right remedy is taken in time.

Don't go around with a foul smelling breath caused by a disordered Stomach and Liver, to the discomfort of those you come in contact with.

If you are a Stomach sufferer, don't think you can not be helped; probably worse cases than yours have been permanently restored by Mayr's Wonderful Remedy.

Most Stomach ailments are mainly caused by a catarrhal condition. Mayr's Wonderful Remedy not only removes the catarrhal mucus, but allays the chronic inflammation and assist in restoring the entire alimentary and intestinal tract antiseptic, and this is the secret of its marvelous success.

Don't suffer constant pain, and agony and allow your stomach ailments to physically undermine your health. No matter how severe your case may be or how long you have suffered—one dose of Mayr's Wonderful Remedy should convince you that you can be restored to health again.

Mayr's Wonderful Remedy has been taken and is highly recommended by Members of Congress, Justices of the Supreme Court, Educators, Lawyers, Merchants, Bankers, Doctors, Druggists, Nurses, Manufacturers, Priests, Ministers, Farmers and people in all walks of life.

Send for FREE valuable booklet on Stomach Ailments to Geo. H. Mayr, 154-156 Whiting St., Chicago, Ill.

Mayr's Wonderful Remedy is sold by leading druggists everywhere with the positive understanding that your money will be refunded without question or quibble if ONE bottle fails to give you absolute satisfaction.

Emil Bishop, the local cost-monger
adjudged insane in probate court
Thursday afternoon, experienced a
change for the worse Friday morn-
ing, necessitating his immediate
commitment to the Athens hospi-
tal. He was taken to that insti-
tution on the afternoon B. & O. train
by Deputy Sheriff Rome Arthur and
George Ditty.

Bishop became violent when the
officers started for the train with
him and it required considerable
effort on their part to keep him un-
der control.

His condition showed such marked
improvement Thursday evening that
it was hoped that he could be sent
to a private sanitarium for treat-
ment, but this idea was abandoned
Friday morning, after he had an-
other violent attack.

GRAY HAIR

Darkened—Stops Falling Hair—
Promotes Its Growth—Look
Young Again.

Q-Ban hair color restorer darkens
gray, streaked with gray, faded or pre-
maturely gray hair to natural color,
making the hair dark, lustrous, soft,
abundant, thick and beautiful. Also
stops falling hair and promotes its
growth. Is Q-Ban hair color restorer
sticky? No. Will it injure hair or
scalp? Impossible. Is it easy to apply?
Yes. Apply like a shampoo to hair and
scalp. Can anyone detect that I use
Q-Ban? No, because Q-Ban darkens hair
evenly and naturally, but your friends
will observe that you look younger.
Suppose that Q-Ban does not darken
my hair or give me satisfaction. In
that case do I get my money back?
Yes, we guarantee it absolutely. Only
50c for a big 7-oz. bottle with direc-
tions for private home treatment of
the hair. Stewart's Drug Store, Port-
smouth, Ohio. Out-of-town people sup-
plied by mail.

Thursday evening, was well attend-
ed.
The Mothers' Club met at the
school building Friday, at 3:30
o'clock, with the majority of the
members present. The committee,
composed of Mrs. Nettie Dill and
Messrs. Will Haley and William Mc-
Connell, who met with the school
board at their last meeting, report-
ed that the improvements they
ask for, lights, sanitary drinking
fountains, and repairs to the base-

it into 25 or 35 very desirable building lots.

**Wilson Impressed
With New Machine**

Charles Wilson, chairman of the
city council fire committee, re-
turned home Thursday night from
Cincinnati greatly impressed with
the Fox-Abends combination
chemical and centrifugal pump
wagon he saw there.
The machine he saw demon-
strated is the latest improved with
cushion tires and he made a run
on it at the rate of 65 miles per
hour over rough streets without
experiencing the slightest jolting.
Cincinnati has ten such wagons in
service but with pneumatic tires.
The cushion tire has been tried
out successfully and is favored by
Mr. Wilson. He would have such
a machine replace the present
Hill Top steamer which could be
transferred to East Portsmouth.
He would also have a similar wag-
on at the Seventh street house.
They will answer the purpose of
extinguishing 90 per cent of the
fires. The steamers will be kept
for service at the larger fires. An
aerial ladder and water tower
wagon is also contemplated. Mr.
Wilson said Cincinnati saved
\$285,000 last year by having mo-
tor apparatus. George Guler
accompanied him on the trip but
did not return with him, having
gone to Columbus on a visit.
Mr. Wilson said Friday he had
been waiting on the above de-
monstrated before making a sup-
plemental report to council re-
commending the complete motoriz-
ing of Portsmouth's fire depart-
ment which will be done at the
next meeting.

**WOMAN IN
BAD SHAPE**

Three people were required to ac-
company Mrs. Lucetta Craigmiles,
local woman adjudged insane in
probate court Thursday, to the in-
sane hospital at Athens Friday
morning. The woman is a hopeless
paralytic, and had to be carried

**FALLS INTO FIRE PLACE,
CHILD IS BADLY BURNED**

Mrs. Abigail Meadows of Ninth
street, was called to Poplar Flat,
Ky., Friday, by a message an-
nouncing the serious condition of
her niece, Ethel Drennan, 5-year-
old daughter of David Drennan of
near that place. The child stum-
bled and fell into an open fire
place Thursday evening and was
seriously burned about head, face
and arms. The child is not ex-
pected to live.

**GOOD-BY—FAREWELL
TO RHEUMATISM!**

When your joints and muscles ache,
when there is a "crick in your back or
side" and you feel "all in," apply plenty
of Hoff's German Liniment, the famous
stainless, greaseless liniment, with a
refreshing odor. It's as pure and white
as snow and it won't soil the finest
clothes.

For 18 years Hoff's German Liniment
has been the unequalled remedy for
Rheumatism, Lamé Back, Neuralgia,
Sore Throat, Cold on the Lungs, Cold in
the Head, Bruises, Sprains, Aching
Joints, Tired and Sore Feet. If directions
are followed it quickly relieves Colds,
Coughs, Croup, etc. It is powerful and
penetrating. Nothing like it in existence
for stopping pain. Is a pure white
emulsion of camellia cream with other
pure, harmless, effective ingredients. It
is fine for children because Hoff's keeps
pores closed—which camouflaged oil
used alone won't do—keeps colds out.
Sold in handy bottles by all druggists
—a quarter pint for a quarter, large
family size, fifty cents. Results ab-
solutely guaranteed, or druggist will re-
turn your money without argument.
Accept no substitute.

School Authorities Upset The Plans For Playing Hockey

Vigilance on the part of the high school authorities, parents, and older brothers, prevented an exodus of truant high school boys and girls to Catlettsburg, Ky., on the noon N. & W. train, Friday. Fully a dozen of the pupils played "hockey" Friday morning, intending to leave at noon so as to be on hand early for the basketball game between Portsmouth, Ill. and Catlettsburg, Ill., Friday evening.

Superintendent Appel and Principal Crevling got wise to their plans, however, and were on hand when the train pulled in. In the meantime they had advised the parents of the truant pupils, some of whom were also at the depot to prevent them from leaving. Others sent older brothers in their places to assist the school authorities.

This unexpected interference served to "bluff" the majority of the party, who left from the train on the opposite side from the direction of the business district of the city. Four young men, two high school students, who had obtained permission from their parents to leave at noon, and two who only recently withdrew from high school, were the only ones who carried out their intention of leaving via the N. & W. The others decided to wait until the afternoon C. & O. train.

Crowd At Novelette

One of the largest crowds that has attended the Novelette rink did so last night to enjoy the Hard Times party. The features of the evening were the most graceful couple contest won by Miss Orna Holmes and Charles Doty. The judges were B. K. Wans, P. Shields and Robert Baker. The other big feature was the grand march led by Manager Paul Briggs and Miss Ethel Moore.

Gives Some More Advice

To Our Friends, The Plumbers Union:

It occurs to us that you can correct such abuses as that "bad lead-waste pipe" put in by either an incompetent or dishonest member of your Union by expelling him from your ranks. Such action would win the respect of the public and be far more effective than the inspection of any board.

THE DOCTOR'S WIFE

Agrees With Him About Food

A trained nurse says: "In the practice of my profession I have found so many points in favor of Grape-Nuts food that I unhesitatingly recommend it to all my patients."

"It is delicate and pleasing to the palate (an essential in food for the sick) and can be adapted to all ages, being softened with milk or cream for babies or the aged when deficiency of teeth renders mastication impossible. For fever patients or those on liquid diet I find Grape-Nuts and albumen water very nourishing and refreshing."

"This recipe is my own idea and is made as follows: Soak a teaspoonful of Grape-Nuts in a glass of water for an hour, strain and serve with the beaten white of an egg and a spoonful of fruit juice for flavoring. This affords a great deal of nourishment that even the weakest stomach can assimilate without any distress."

"My husband is a physician, and he uses Grape-Nuts himself and orders it many times for his patients."

"Personally I regard a dish of Grape-Nuts with fresh or stewed fruit as the ideal breakfast for any one—well or sick."

In stomach trouble, nervous prostration, etc., a 10-day trial of Grape-Nuts will usually work wonders toward nourishing and rebuilding and in this way end the trouble. Name given by Postum Co., Battle Creek, Mich. Look in pkgs. for the famous little book, "The Road to Wellville."

Ever read the above letter? A new one appears from time to time. They are genuine, true and full of human interest.

Ironton Protects Home Industry

Ironton, O., Feb. 19.—A number of young men who were solicited for orders for groceries were hauled before Mayor Hannan in police court yesterday, and ordered to desist from their work in this city. They protested strongly against the order and declared that they were working under the provisions of the interstate commerce commission and would lay the matter before their firm at Columbus, O.

The mayor, however, remained firm in his decision not to allow mail order representatives to "work" this city and declared that until higher authorities issued an order forbidding him to take action on behalf of the local merchants, whose goods he claims are far better and in the long run cheaper, than those of mail order houses.

These were not Dave and O. L. Schrader, the two young men who were arrested for attempting to "mash" local young ladies. However, these two young men have given the city a wide berth and will likely do so in the future.

CHARITY SOCIAL WILL BE GIVEN

The entertainment committee of the Jr. O. U. A. M. reported at the meeting Thursday evening that arrangements were being made for another "Charity Social" some time in March. The feature of the affair will be a book initiation, the speaking parts for which are now being rehearsed by the members who will take part.

One candidate, Charles Martin, was initiated into membership at the meeting, while one other application was received. The initiatory work was put on by the degree team, which was out in full force.

Members of the order were invited to attend the social to be given next Tuesday evening by the Daughters of America, an auxiliary organization, and many signified their intention to attend.

TEACHERS' MEETING AT SCIOTOVILLE

The teachers of District No. 1 held a meeting at Sciotoville Saturday, Feb. 13, at the call of District Superintendent Clarke Fullerton. Many interesting questions pertaining to teaching were discussed. Every school in District No. 1 is graded and all pupils have grade cards which are marked monthly by the teachers and sent to the homes for the inspection of the parents.

SOME DON'T

For Stomach and Liver Sufferers

Don't take medicine for your Stomach ailments morning, noon and night, as usually such medicines only give temporary relief and simply digest the food that happens to be in the stomach.

Don't permit a surgical operation. There is always serious danger in operations and in many cases of Stomach, Liver and Intestinal Ailments the knife can be avoided, if the right remedy is taken in time.

Don't go around with a foul smelling breath caused by a disordered Stomach and Liver, to the discomfort of those you come in contact with.

If you are a Stomach sufferer, don't think you can not be helped, probably worse cases than yours have been permanently restored by Mayr's Wonderful Remedy.

Most Stomach ailments are mainly caused by a catarrhal condition. Mayr's Wonderful Remedy not only removes the catarrhal mucus, but allays the chronic inflammation and assists in rendering the entire alimentary and intestinal tract antiseptic, and this is the secret of its marvelous success.

Don't suffer constant pain, and agony and allow your stomach ailments to physically undermine your health. No matter how severe your case may be, or how long you have suffered—our dose of Mayr's Wonderful Remedy should convince you that you can be restored to health again.

Mayr's Wonderful Remedy has been taken and is highly recommended by Members of Congress, Justices of the Supreme Court, Editors, Lawyers, Merchants, Bankers, Doctors, Druggists, Nurses, Manufacturers, Priests, Ministers, Farmers and people in all walks of life.

Send for FREE valuable booklet on Stomach Ailments to Gen. H. Mayr, 154-156 Whiting St., Chicago, Ill.

Mayr's Wonderful Remedy is sold by leading druggists everywhere with the positive understanding that your money will be refunded without question or quibble if ONE bottle fails to give you absolute satisfaction.

Bishop Is Taken To Athens Asylum

Emil Bishop, the local coat-maker
adjudged insane in probate court
Thursday afternoon, experienced a
change for the worse Friday morn-
ing, necessitating his immediate
commitment to the Athens hospi-
tal. He was taken to that insti-
tution on the afternoon B. & O. train
by Deputy Sheriff Rome Arthur and
George Ditty.

Bishop became violent when the
officers started for the train with
him and it required considerable
effort on their part to keep him un-
der control.

His condition showed such marked
improvement Thursday evening that
it was hoped that he could be sent
to a private sanitarium for treat-
ment, but this idea was abandoned
Friday morning, after he had an-
other violent attack.

PERFECT POTATO PLANTING

Every skilled hill is a loss—in fer-
tility, labor and land—and every
double a waste of expensive seed
and marketable potatoes. It means
\$10 to \$20 an acre extra profit from the
average field if all three hills are planted.
This means that more than pay for an
acre.

IRON AGE 100% POTATO PLANTER

It places every seed just where you
want it—right depth and right distance
apart. Sows furrows at the same time, in
a furrow eight inches across the furrow,
yet without touching the seed.

Made this year with a new steel frame
and steel seed box—lighter, stronger and
more durable.

Many attachments make this machine
of value all through the season—for side
drilling, ridging, making up rows, opening
over-riding furrows and as a corn, bean and
pea planter. Fertilizer distributors in two
sizes, regular, which holds a tiffle over half
a cord, and a large one that holds a whole
cord.

why they are so accurate and ask

the scene of a party Thursday eve-
ning given in honor of Henry
Clay Johnson's eightieth birthday
anniversary. Besides the honored
guest there were three others
present who were born in slavery,
the three being Joe Bell, Leroy
Johnson and Joe Johnson. A five-
course squash supper was served at
eight o'clock. All present re-
sponded to toasts. James Melvin
who acted as toastmaster gave the
following toast composed by him-
self:

Here is to our honored friend,
To whom best wishes and more
years we extend.

Though four score years and the
time he counts
His work and his deeds to more
amounts.

Here is to your family and mine
Many blessings and things divine;
May our children in life reach an
eminent height

In the battles they fight in the
cause for the right.

Here is good luck to all mankind,
Friends or enemies of whatever
clime;

Prosperity, love and peace,
And may hostilities cease.
May we stand, man to man,
To the end, hand in hand.

Those present who enjoyed the
festivities were Joe Bell, Leroy
Johnson, William Gooden, William

GRAY HAIR

Darkened—Stops Falling Hair—
Promotes Its Growth—Look
Young Again.

Q-Ban hair color restorer darkens
gray, streaked with gray, faded or pre-
maturely gray hair to natural color,
making the hair dark, lustrous, soft,
abundant, thick and beautiful. Also
stops falling hair and promotes its
growth. Is Q-Ban hair color restorer
stinky? No. Will it injure hair or
scalp? Impossible. Is it easy to apply?
Yes. Apply like a shampoo to hair and
scalp. Can anyone detect that I use
Q-Ban? No, because Q-Ban darkens hair
evenly and naturally, but your friends
will observe that you look younger.
Suppose that Q-Ban does not darken
my hair or give me satisfaction. In
that case do I get my money back?
Yes, we guarantee it absolutely. Only
50c for a big 7-oz. bottle with direc-
tions for private home treatment of
the hair. Stewart's Drug Store, Port-
smouth, Ohio. Out-of-town people sup-
plied by mail.

Charles Wilson, chairman of the
city council fire committee, re-
turned home Thursday night from
Cincinnati greatly impressed with
the Fox-Abraham combination
chemical and centrifugal pump
wagon he saw there.

The machine he saw demon-
strated is the latest improved with
cushion tires and he made a run
on it at the rate of 65 miles per
hour over rough streets without
experiencing the slightest jolting.

Cincinnati has ten such wagons in
service but with pneumatic tires.
The cushion tire has been tried
out successfully and is favored by
Mr. Wilson. He would have such a
machine replace the present
Hill Top steamer which could be
transferred to East Portsmouth.

He would also have a similar wag-
on at the Seventh street house.
They will answer the purpose of
extinguishing 90 per cent of the
fires. The steamers will be kept
for service at the larger fires. An
aerial ladder and water tower
wagon is also contemplated. Mr.
Wilson said Cincinnati saved
\$285,000 last year by having mo-
tor apparatus. George Gulker
accompanied him on the trip but
did not return with him, having
gone to Columbus on a visit.

Mr. Wilson said Friday he had
been waiting on the above dem-
onstrated before making a sup-
plemental report to council rec-
ommending the complete motor-
izing of Portsmouth's fire depart-
ment which will be done at the
next meeting.

GOOD-BY—FAREWELL TO RHEUMATISM!

When your joints and muscles ache,
when there is a "crick in your back or
side" and you feel "all in," apply plenty
of Hoff's German Liniment, the famous
stainless, graceless liniment, with a
refreshing odor. It's as pure and white
as snow, and it won't soil the finest
clothes.

For 18 years Hoff's German Liniment
has been the unequalled remedy for
Rheumatism, Lame Back, Neuralgia,
Sore Throat, Cold on the Lungs, Cold in
the Head, Stomach, Sprains, Aching
Joints, Tired and Sore Feet. It cures
all the above and is followed by quick
relief. Coughs, Croup, etc. It is powerful
and penetrating. Nothing like it in existence
for stopping pain. Is a pure white
emulsion of camellia oil with other
pure, harmless, effective ingredients. It
is fine for children because Hoff's keeps
as cool as ice—keeps colds out.

PLAYERS ARE KILLING GAME

Philadelphia, Pa., Feb. 19.—That ball players are now getting so paid out of all profits is the contention of Connie Mack, manager of the Athletics, who says that the "business of baseball" cannot continue under existing conditions. Furthermore, the veteran manager says that organized baseball cannot even make elbow room for the Federal League, because, in his opinion, there is no public demand for a third major circuit.

Speaking of the general shake-up in the Athletics, Connie declared it was due to the flagging salaries or ball held out by the Federals, and that organized ball could not afford to pay the price the players today demand. Mack claimed that the Federal League in 1914 lost \$500,000, and that the Philadelphia Nationals have not paid a dividend for 12 years.

Willard To Have Advantage In Age

New York, Feb. 19.—If ring prediction is to be believed, Willard, 37, will have the betting odds in his favor against Johnson, 33, in his coming fight. Willard, who has been a champion since 1909, when he defeated Jim Jeffries, is now in the prime of his career. Johnson, who has been a champion since 1909, when he defeated Jim Jeffries, is now in the prime of his career. Johnson, who has been a champion since 1909, when he defeated Jim Jeffries, is now in the prime of his career.

MAY FORM LEAGUE

Cochran, O., Feb. 19.—Steps toward reorganizing the old Protective Association of Baseball clubs are being taken by promoters in a dozen Ohio towns. The movement originated in Zanesville and includes Coshocton. Other towns which formerly supported league teams, and which are thought to be in line for the proposed revival of the Protective Association are: Newark, Lancaster, Piquette, Sidney, Canton, Akron, Youngstown, Alliance, East Liverpool and Steubenville.

Will Not Join Feds

New York, Feb. 19.—Arthur Shaffer, former third baseman of the Giants, who retired from baseball last winter, called at the local National League office today and informed President Hempstead that he was through with professional baseball for all time. He said the rumors that he would manage a Federal League team were unfounded.

THEN AGAIN!

Possibly one reason the baseball fans have been so slow responding to appeals for help for the starving Belgians is that they had to save their money to buy diamonds and large shoes for bull-players.

"Auto Robe" Thief Is Operating Here

Rev. C. Lloyd Strecker, pastor of Trinity Methodist Episcopal church, is the latest victim of a decidedly sensational character is likely to drop at the meeting of the Ohio State league moguls. Whether or not it does, though, Ironton seems assured of a baseball club for the coming year, and this should be enough joy for the local public. The minister had thrown his robe across the engine hood of his automobile and was waiting to take John T. Breese to his home, the latter's car having failed to arrive as expected. When they emerged from the church at Gallia and Officers streets they found the robe had disappeared. Rev. Mr. Strecker appeared in person at police headquarters to report his loss. He said he particularly valued the rug because it was a present from his father and though he had had it for a number of years it had not been subjected to hard usage and was as good as new. Robert Mitchell, of the Chillicothe pike, had two robes stolen from his machine in front of the United Brethren church at Seventh and Gay streets the evening before. Alfred Lloyd, of 1708 Eighth street, had a robe stolen from his automobile, Tuesday evening. Police Capt. Grant Cooper has a suspicion that the robe stealing is the work of shabby chaps and is busy investigating.

ANOTHER BOY STRICKEN

A letter received by Joe Schmidt, of the Portsmouth Banking, Thursday evening from his brother, George Schmidt, a student at St. Edwards college, Huntington, W. Va., tells of the death of another classmate, Paul Barry, of Parkersburg. He did not state the cause of his death but it is supposed he also succumbed to spinal meningitis which recently carried off Clarence Schaefer, son of Grover Joe Schaefer, of this city, who attended the same college. The college authorities arranged to temporarily close the institution but the Huntington officials said such action was not necessary.

A. I. U. To "Doll" Up

At the meeting of the American Insurance Union held Thursday night, it was decided to reconstruct and refurnish the hall on the third floor of the Security bank building. It will be refurnished and new tables and chairs will be purchased. The work will be done under the supervision of the trustees and George Corryell. The charter was ordered dropped for thirty days on account of the death of the late Dr. M. J. Beard of Lucasville.

Portsmouth Beats Maysville High

By using a splendid team work Portsmouth High School's basketball team won their fourth game of the season Thursday evening, in the local gym, from Maysville, by the overwhelming score of 40 to 12. The tide from Kentucky never had a look-in at any stage of the game. The locals were all over the floor and right on the job at the right time. The visitors who took their defeat gamely showed plainly the lack of good coaching. Portsmouth had the ball in her possession continually and when one of the visitors had it it would only be for a few seconds. The scoring started before the game was two minutes old. The second came after some of the prettiest basketball work ever witnessed on a local floor. The ball was in the visitors' territory when Test got it in his possession and from that end of the floor Test and Brandie kept the ball going between them until Test had it through the net for a goal. March, who played center for Maysville, is an exact likeness of Test, the local center, in build but did not play as effectively as Test. He displayed very little knowledge of the inside "sport." "Bunt" Parker was the bright light of the visitors and his brilliancy shone at many stages of the battle. He scored half his team's points, all six points coming as the result of fouls. Hampton showed some class when he kept his men York of the locals from making over one basket when York generally leaves the game with no less than five. Test was in his usual basket throwing form and made 11 field goals, 9 of them coming in the first half, which ended 22 to 7 in favor of the locals. It is seldom that a guard figures greatly in the scoring but in the last half the locals tried a new style of play and Wilson made five baskets. Maysville's record before coming to Portsmouth was 6 won and 3 lost. The Red and Blue five have won 1 and lost 3. All four games have been won on the home floor and in each winning battle Portsmouth has scored 40 points or more. The crowd last night was an exceptionally large one. Following are last night's line-ups:

P. H. S.	M. J. S.
York	Parker
Swissheim	Hampton
Test	March
Brandie	Mathews
Wilson	Hampton

Field Goals—Test 11, Swissheim 1, York 1, Wilson 3, March 1, Mathews 1, Hampton 1.

Foul Goals—York 1, Parker 6, Referee—Kilich.

Umpire—McDaniel.

Timekeeper—Dunwell.

Scorer—O. Duddy.

Time of halves—20 minutes.

Many Seats Sold

With two months to elapse before the Reds start their season at League Park, about 15,000 reserved tickets have been sold for the opening game, April 1, between Chattanooga and Pittsburgh. The seating capacity of the grandstand proper is 18,000. Three thousand more can be taken care of in the bleachers. The pavilions bring the total capacity to 23,000.

Ironton To Stage Real Come Back

Ironton, Feb. 10.—The Ironton baseball club directors will be organized within ten days and Ironton is assured a team in organized baseball," declared Dick Smith, one of the promoters of the local club yesterday, following a consultation which he held with Billy Doyle, scout for the Cleveland American league team and an enthusiastic booster of the Ohio State League. Billy was in the city yesterday and after a lengthy consultation with Dick Smith and those interested in the local ball club for the coming year, departed for Portsmouth. He looks forward to a brightening of the business prospects and a successful baseball year, which will bring peace to the baseball world. The announcement that a local organization will be formed for the promotion of a ball club in Ironton will be received with joy generally by fandom, and all will look forward to speedy action on the part of the club boosters in securing a good club to represent the city. The decision of Judge Landis in the Federal league suit has not yet been received, but it will now come too late to do more than cause a compound sensation in the various parts of the anatomy of the organized baseballists, as, either one way or the other, the decision seems bound to bring about more litigation, unless the badly mistreated dore of peace succeeds in restoring order from the present chaotic conditions of the baseball sphere. Be that as it may, men on the inside of Ohio State league affairs say that something that will be of a decidedly sensational character is likely to drop at the meeting of the Ohio State league moguls. Whether or not it does, though, Ironton seems assured of a baseball club for the coming year, and this should be enough joy for the local public.

KESSLER GIVEN DIVORCE DECREE

Divorce and custody of the minor children was awarded in common pleas court Friday afternoon to Charles D. Kessler, rail-roader, of High street, whose wife, Elizabeth Kessler, according to the evidence of Kessler and two police officers, eloped from this city with Andrew Hubman, a North End grocer, about seven weeks ago. Kessler obtained the decree on the ground of desertion. The husband related to Judge Thomas the story of his wife's infatuation for the grocer, of how he caught them together and

brought them to police court, where in the presence of police officers his wife made admission of her improper relations with her affinity. His evidence was corroborated by Officers Thomas Albrecht and Theodore Bränham, who followed Kessler on the stand.

Mrs. Kessler was not in court at the hearing, nor was she represented by counsel, her husband stating that her present whereabouts were unknown to him. Kessler was represented by Attorneys Edward Dähler and Frank W. Monahan.

SOCIAL NEWS

The reception accorded the members of Section Three of the Woman's Union of the First Christian Church, Thursday afternoon, between the hours of 2 and 6 o'clock, by Mesdames Edward Young and J. H. Alderman, at the home of the former, on Kinney's lane, was an unqualified success, being one of the most enthusiastic meetings since the Union was organized. Fact is that the hostesses spared no energy nor time to make the reception a climax in the history of the Woman's Union. In this they were ably assisted by the enthusiastic members of Section Three, who were out in full force and who enjoyed one of the most pleasant afternoons of their lives. Mesdames Young and Alderman proved themselves charming hostesses, not only from the viewpoint of entertainers, but in the serving of the delectable refreshments. Plans were laid that when nature will result in this section having done its share for furthering the interests of the church. The business session was full of enthusiasm, this being followed by social intercourse, climaxed by refreshments. Those present were: Mrs. James Alton, Mrs. Harold Rice, Mrs. Stella Rogers,

Charging desertion, adultery and extreme cruelty, George T. True, a steel plant employee,

through his attorney Nate B. Gililand, filed suit for divorce in common pleas court, Friday afternoon from his wife, Alice True, formerly Alice Guthrie, of this city.

They were married in Huntington, W. Va., Feb. 10, 1913.

True alleges that his wife deserted him on May 14, 1913, and has since refused to live with him. He also accuses her of having threatened to kill him, and of having committed adultery with divers unknown persons.

True was defendant in a divorce suit filed by his wife about a year ago, but her petition was dismissed by the court.

Really, They Got Heated!

Washington, Feb. 19.—The lashings of last night's wordy war in the house when Representative Farr called Representative Palmer a lobbyist and Representative Palmer called Representative Farr a tadpole statesman subsided today when Representative Farr told the house he had no intention of reflecting on the honor or integrity of his colleague. Mr. Palmer did not want to continue the discussion and the most bitter personal row the house had seen in the present session was ended.

Released From Jail, Posed For Picture

Andrew Howard and Harry Holliday, prisoners enjoying suspended sentences to the Mansfield reformatory, were released from the county jail, Friday afternoon. Before being freed, they were taken to the Harris photograph gallery to pose for pictures, the law requiring that pictures of all paroled prisoners must be sent to the superintendent of the institution from which they were paroled.

Howard was indicted last week for carrying concealed weapons, and Holliday for burglarizing the Wear-U-Well and Liberty stores last month. They entered pleas of guilty last Monday.

Kelley Changes Plea, Sent To Reformatory

James Kelley, young man indicted by the grand jury last week for burglarizing the Clockwork hardware store on Gallia street, appeared before Judge Thomas in common pleas court Friday afternoon to change his plea of not guilty to guilty of grand larceny. The court accepted his plea, and sentenced him to an indeterminate term in the Mansfield Reformatory, to which institution he will be taken the first of next week.

The officiating minister was the Rev. B. B. Cartwright. Mr. Bender was one of the oldest residents of Pythias in the city and his last rites were well attended. Interment was made in Greenwood.

OBITUARY

Mrs. Mary Seurl
Mrs. Mary McCall-Seurl, aged 69 years, whose husband, the late Spurgeon McDaniel Seurl of South Webster died January 11th, succumbed to uraemic poisoning and a complication of diseases at the home of her daughter, Mrs. Albert G. Dunn, of 1328 Officers street, Thursday night, at 9:30 o'clock.

Mrs. Seurl had come here for a visit shortly after the death of her husband only to become ill and for the past ten days had been steadily growing worse. Mrs. Seurl was one of the most respected women of South Webster and leaves a wide circle of friends to mourn her death. She was a member of the Methodist church at that place. Besides Mrs. Dunn she leaves another daughter, Miss Margaret Seurl, of South Webster, and is survived by two sisters and two brothers. Misses Margaret and Stella McCall of South Webster, Dr. E. O. McCall and Grocer J. J. McCall of this city. She was an aunt of City Solicitor Stanley McCall.

The remains will be taken to South Webster where the funeral will take place Saturday at 1 p. m. Rev. Samuel Elser will conduct the services. Burial will take place in the village cemetery there.

BAD COLD? TAKE CASCARETS FOR BOWELS TONIGHT

Get a 10-cent box. Sick, headache, biliousness, coated tongue, head and nose clogged up with a cold—always trace this to torpid liver, delayed, fermenting food in the bowels or sour, gassy stomach.

Poisonous matter clogged in the intestines, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening headache.

Cascarets immediately cleanse the stomach, remove the sour, undigested food and foul gases, take the excess bile from the liver and carry out all the constipated waste matter and poisons in the bowels.

A Cascaret tonight will surely straighten you out by morning. They work while you sleep—a 10-cent box from your druggist means your head clear, stomach sweet and your liver and bowels regular for months.

OPTION IS SECURED IN IRONTON BY TROLLEY LINE FOR TERMINALS

Raymond York, vice president of the Ohio Valley Traction company, and Attorney John C. Miller and Harry W. Miller have returned from Ironton where they succeeded in getting options on several pieces of ground to be used for terminal purposes in that city.

Mr. York stated Friday that property on North and South Fourth streets had been optioned and a site would be purchased probably within the next 30 days.

"All we will need in Ironton is a waiting room and an office building and it will go up this summer," said Mr. York, Friday.

"It will be a brick structure and will be designed to meet our purposes in every detail. We plan to touch the business section of Ironton with our new line."

Relative to Mr. York's visit to Ironton, Thursday, the Irontonian says:

It is the intention of the company, after getting into Ironton, to ask for a franchise on Fourth street, and thus come up to the court house square at least. Just the route intended after reaching Hanging Rock is not definitely determined, but it is known that Attorney O. E. Irish last fall secured options along the edge of the hill above Hanging Rock and through Sedgwick. This would probably mean the bridging of Storius Creek or some arrangement for widening the N. & W. All at the north corporation line to accommodate the traction line.

It is known that the Portsmouth Street Railway company has a ninety-day option on the Blosser-Smith property on Fourth street just below Center, and formerly occupied as a residence by the late A. J. Froysine, and also a similar option on the Snyder property just across from the residence of Will Brammer. Biller of these places would be splendidly situated for a terminal station and it is for this purpose that the options have been taken.

Mr. York says with assurance that only unexpected conditions will prevent the company realizing its plans for pushing through the line during the coming summer. The work of securing rights-of-way in the lower end of this county are progressing favorably, and no trouble is expected in securing co-operation on the part of property owners along the route.

CANTON ORIENT VISITS THE LOCAL ODD FELLOWS

Attendance at the meeting of Orient Encampment No. 28, I. O. O. F., was the best for some months. George W. Clifford received the Golden Rule degree, the work being conferred in a very creditable manner.

A visit from Canton Orient No. 67, Patriarchs Militant, was a matter of some interest. As this organization has just entered into the most progressive period of its existence, having more than doubled its membership in the past few months. After Captain Shelton had drilled the members a short time everybody vied in his way to the table and partook of oysters, celery, coffee and cigars.

James McDaniel will receive the degree of Chivalry. The Encampment at its session also received and referred several applications for membership.

Four New Eagles

Four candidates, Charles McCormick, Carl Hartman, Frank Bender and George Shaffer, were initiated into membership at the regular weekly meeting Thursday evening at River City Aerie, No. 587, Fraternal Order of Eagles. Six new applications for membership were received. The largest crowd ever present at an initiation was present.

The initiatory work will be accomplished again at the meeting next week, as several candidates are awaiting initiation. A social session followed the meeting Thursday evening, which was hugely enjoyed.

Honored By His Class

The Valparaiso University school paper, Valparaiso, Ind., says:

"A meeting of the High School Department was held Thursday evening, January 14, 1915, and a large number attended. The first important action, after deciding that our officers were to hold office for one school term, was the election of Miss Tuttle for secretary, and this young lady immediately proceeded to prove her efficiency. The next officer to fill was president, and Mr. J. W. Edgington was selected by an overwhelming majority. Mr. Edgington has long been known by his classmates to be whole-hearted, loyal and enthusiastic, and his rousing appeal for class spirit met with hearty approval and loud applause. After taking the chair Mr. Edgington at once demonstrated his executive ability. He is a live wire, and every member of his class is going to stand shoulder to shoulder with him in making this department worthy of note. He was elected also as one of the entertainment committee."

Mr. Edgington is the son of Mr. and Mrs. S. J. Edgington, of South Portsmouth. His many friends will be greatly pleased to learn of his success.

Train Victim Will Be Buried Sunday

The body of Mason McNeal, whose life was snuffed out without warning Thursday afternoon by N. & W. passenger train No. 15 as it was nearing Sciotoville was Friday morning shipped to Edgington, Ky., where the funeral services will be held from the dead man's home there Saturday or Sunday. The body was brought to this city early this morning and was then taken to Fullerton, where it was placed on the noon C. & O. train and taken to Edgington.

Coroner Dr. Walter Daehler, who viewed McNeal's body shortly after the fatal accident, found that McNeal's skull was crushed, both legs were crushed, the right jaw was broken and his neck was broken. The train was traveling 35 miles an hour when it hurled McNeal into eternity. His partner, Charley Sowards, narrowly escaped a similar fate, the pilot of the death-dealing engine fairly rubbing Sowards' coat.

Sowards and McNeal had delivered ties to the Taylor Lumber company of Sciotoville and were on their way home when McNeal was killed.

McNeal, who was 23 years old, was a son of Mr. and Mrs. John McNeal, well known residents of Edgington. He had for several years been employed by the C. & O. and when laid off recently he began to make ties for various railroads. He was popular and a very industrious young man. McNeal leaves the following sisters and brothers: Charles of Tygart, Ky., Clyde employed by C. & O., Mrs. Flora Hadoloff of Covington, and Miss Edith McNeal at home. Charles McNeal reached Sciotoville last night and accompanied the body to the old home. The only eye witness to the fatality was Ray Wamley of Sciotoville. He corroborates Sowards' version of the deplorable accident.

Albert Atkins of Edgington, accompanied Sowards and McNeal to Sciotoville, but he did not start home with them.

PLEADS FOR PARENTS

Springfield, Ohio.

Editor Times:

Would you please publish this letter in your daily paper. I am an ex-resident of Portsmouth and I know all about the Peerless City. In regard to the Orag family of Mill street, I say this, the woman who wrote the piece, the cry for help, has just started the tiling backward. I say give the woman a chance. First give the husband a steady job; second, give the woman something to clean her house with; third, supply them with enough clothing for a change. And wait a month and then return to see how the change is made. I'll venture to say they will get along all right for who must have a loving mother's heart in her or she would not be trying to keep her little brood together. I am a mother and I don't believe in sending children to the children's home when they have parents. For God's sake give the parents a chance and I don't think you will have any more trouble. The most trouble today with social work is they nearly always start the thing backward.

HAVE NEW HOME

Ladies of the Macedoniae have changed their headquarters from the Presbiterian hall in the East End to the A. I. U. hall in the Security bank building at the southeast corner of the government esplanade. The next meeting will be held in the new quarters on the evening of March 2.

At the meeting last Tuesday evening, Mrs. Lydia Horabuehle was elected as delegate to the state meeting of the order, which will be held at Nelsonville this spring.

HUSBAND IS MISSING

The police received a letter from Mrs. Lillie Hatfield, of Macedonia, W. Va., Thursday, asking them to assist in locating her husband, Jim Hatfield. She writes that he left suddenly last October and has not been heard from since. He left her with four small children and they are now in destitute circumstances. Mrs. Hatfield said that he always seemed greatly attached to the children and she is unable to account for his departure. She had heard recently that he had been seen in Portsmouth.

OPENS UP NOSTRILS, CLEARS HEAD, ENDS COLDS OR CATARRH AT ONCE

Instantly Relieves Swollen, Inflamed Nose, Head, Throat—You Breathe Freely—Dust, Headache Gones—Nasty Discharge Stops.

Try "Ely's Cream Balm."

Get a small bottle anyway, just to try it. Apply a little in the nostrils and instantly your closed nose and stopped-up air passages of the head will open up you will breathe freely; dizziness and headache disappear. By morning the catarrh, cold-in-head, catarrhal sore throat will be gone. And such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant balm dissolves by the heat of the nostrils; penetrates and heats the inflamed swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of cleansing, soothing relief comes immediately.

Don't lay awake to-night struggling for breath, with head stuffed; nostrils closed, howling and blowing. Catarrh or a cold, with running nose, foul mucous drooping into the throat, and raw dryness is distressing but truly needless. Put your faith—just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear.

EVERYTHING READY FOR MISSIONARY CONVENTION

Rev. Burghalter, the able team leader of the conference workers, who will arrive in Portsmouth to conduct the Missionary Convention to be held Sunday and Monday, is at present field secretary of the board of foreign missions of the Reformed church in the United States. He is a very strong man on conference work, especially dealing with the matter of methods. Because of having to divide his time with the Cleveland Convention, Rev. Burghalter will not arrive in Portsmouth until Sunday evening. Arrangements have been made for him to go immediately upon his arrival at 7:35, to the German Evangelical church to deliver an address.

The mass meeting for men at the Second Presbyterian church and the meeting for women at Trinity, both at the hour of 2:30 Sunday afternoon promise to be most unusual and interesting, and the fact that the addresses will all be by men of international reputation will undoubtedly cause both auditoriums to be filled.

The subjects of the addresses to be given at these Sunday afternoon meetings are: "The World's Challenge to America Today," "The Challenging Needs of the Moslem World," and "Undeveloped Resources in the Church."

Tickets for the men's banquet to be held at the Second Church Monday evening are still selling. The price is 35c.

REV. DANIEL BURGHALTER.

WASHINGTON'S BIRTHDAY IS OBSERVED IN THE PUBLIC SCHOOLS OF PORTSMOUTH

Washington's birthday anniversary was fittingly observed in the public schools of Portsmouth Friday, the exercises being in charge, in part, of four patriotic societies of the city, the G. A. R., the Sons of Veterans, the Spanish American War Veterans and the Women's Relief Corps. In many of the rooms the teachers augmented the speaking with a patriotic program, in which the pupils participated. In some of the buildings many of the parents accepted the urgent invitation of the school authorities to attend.

The committee appointed by the four organizations secured a large number of local speakers, who were distributed among the different buildings. The exercises were held in the high school Friday morning at the regular chapel hour, while they did not begin in the elementary grades until two o'clock in the afternoon.

Hon. Charles E. Hard and D. P. Pratt were the speakers at the high school Friday morning, the program being otherwise featured by two patriotic selections by the high school orchestra.

The German word, "Settlichkeit" formed the theme of the greater portion of Mr. Hard's address. Translated into our language, the word signifies "the system of habitual, or customary, conduct, ethical, rather than legal, which embraces all the obligations of good citizenship required by an enlightened public opinion, and which it is improper to disregard."

Washington, according to the speaker, was a living exemplification of the practice of "Settlichkeit." He did not content himself with the observance of those things required by law but went a step further, and practiced good deeds which redounded to the benefit of every one about him and to the country at large. He never shirked a public duty, he continued, it mattered not whether it was incumbent upon him to do so or not.

"When war between the United States and France seemed imminent, Washington, who had retired from the Presidency to his large estate in Virginia, did not hesitate to offer to leave his life of comfort and ease to accept the commission tendered him as commander-in-chief of the United States Army," said Mr. Hard.

The same principle that Washington practiced is observed in the life of a true Boy Scout of today, "who pledges himself to do one good deed each day." Not a deed required by law, but one which springs from a desire to uplift humanity.

"It was devotion to the same principle that caused Socrates, the great Greek philosopher, to turn a deaf ear to the pleading of his friends to flee when the sentence of death was passed upon him, and drink of the poisoned hemlock, thereby instilling a greater respect for law, by obeying an unjust law; that caused Lycurgus, the Spartan law-giver, to leave his country and starve himself to death in order that the laws which his people promised to obey until his return should remain unchanged."

Emphasized Three Points

Three great points emphasized in Washington's Farewell address were emphasized by Mr. Hard in his speech: First, the preservation of the Union; second, warning that one department of our government should not encroach upon the rights of another; and third, freedom from entangling foreign alliances, all of which are recognized today as the

bulwarks of our representative government.

"Prof. Lord, in his 'Beacon Lights of History,' said that history is not made up of great events, or great epochs, but great men. The English Revolution produced Oliver Cromwell; the French Revolution, Napoleon Bonaparte; and the American Revolution George Washington. Of the trio, Washington was the greatest, because from his efforts came a 'government of free people, for free people, and by free people,' which, it is hoped, will be an incentive for the nations of the future."

A Reliable Clock

Mr. Pratt in his opening remarks said he did not like the idea of celebrating a man's birthday anniversary on the wrong day, which reminded him of the story of a clock. The clock was owned by a man who said that when the minute hand pointed to seven and the hour hand to three he knew it was 3:30, and he considered it the most reliable clock he ever knew.

"A man is only a big boy," said Mr. Pratt, and when the boy in me dies I want the rest of me to die. Speaking of boys reminds me of Washington's boyhood, and of course, all have heard of the story of the cherry tree and I know you would enjoy seeing the original batchet and some of the cherries.

Here Mr. Pratt pulled out a batchet decorated with cherries much to the amusement of his listeners.

Where a Schoolman Am

Continuing he said the story reminded him of a woman school teacher who quizzed her pupils of eight years of age about Washington. Finally she asked "What is the difference between me and George Washington?"

One little freckled face boy, after being promised immunity if he offended in any manner, triumphantly replied that "George Washington never told a lie."

Tells About

Memorable Trip

Taking up his subject seriously Mr. Pratt used the memorable trip that Washington made for Governor Dinwiddie from Virginia to the French at Ft. Duquesne, to illustrate Washington's characteristic. He described how Washington set out with seven companions, and for 41 days braved the dangers of the wilderness in a journey that now could be made in a day. He then told how Washington started back in the midst of winter, how he and a companion left the horses with the other five and pushed on ahead.

The meeting of the two with an Indian who proved a false guide was described, and then Mr. Pratt told how the Indian tried to murder Washington, and failed. The companion wanted to kill the Indian but Washington said no, he does not know any better, and let him go. The two men walked all that night and the next day to avoid capture.

Showed His

Wisdom

The trip was then followed until the Allegheny river was reached, where Washington and his companion were thrown into the river while crossing when a snake of ice hit their frail raft, which they had made with a batchet. The two men had to take refuge on an island. That night Washington's comrade's feet and hands were frozen because he went to sleep, but Washington by stamping about saved himself. They

finally reached home in a safety at the end of 11 weeks.

Mr. Pratt then called the attention of the students to the characteristics which enabled young Washington to succeed on that trip: Courage, Endurance, Patience, Magnanimity and Self Control. He urged his listeners to strive for these characteristics, saying they would be worth more than a million dollars.

No set subjects were assigned the speakers for the elementary grades, the life of Washington and the patriotic lesson to be drawn from his life forming the main theme of their addresses. The assignment of speakers was as follows:

Lower Fourth—D. P. Pratt and John McMillen.

Second Street—George S. Carroll and Henry H. Winter.

BRONCHIAL COUGH STUBBORN AILMENT

Must Have Constitutional Treatment—Ohio Woman Tells How She Was Relieved by Vinol.

Crestline, Ohio.—"For years I was in a weak, nervous, run-down condition and while in this condition contracted a bronchial cough, which made it very hard for me. I lost weight and had no ambition. All the medicines I had taken did not relieve me to any extent."

"One day I saw Vinol advertised and decided to try it. Within a week after taking it I commenced to feel better and I am happy to say four bottles of Vinol have completely restored me to health, so I am feeling fine now."—Mrs. H. H. CARLISLE, Crestline, Ohio.

This is one more proof that our delicious cod liver and iron remedy, Vinol, which is free from oil or grease, is a remarkably strengthening and vitalizing medicine.

Men and women who are weak and in poor health, unable to sleep or eat well, and who have given up hope of ever being strong again, should certainly take Vinol without waiting another day, for it is exactly what they need.

We are having such wonderful results from Vinol that we offer to return the purchaser's money when not satisfied.

Amicable Separation Has Been Arranged

An entry, dismissing the divorce petition of George O. Oldfield and the cross-petition of his wife, Mary Oldfield, and providing for an amicable separation, was filed in common pleas court Friday morning by Oldfield's attorneys, Milner, Miller and Searl.

By the terms of the separation, Mrs. Oldfield is to have the custody of the two children, Dorothy, aged 12, and Catherine, aged 8, and the father is to contribute \$3 each week toward their maintenance and support. He is also privileged to visit them whenever he so desires.

Masons Had Good Time In Cincinnati

F. M. Daggs, Mr. and Mrs. John Peckles, S. Coles Peckles, George Schmidt and William E. Chynoweth returned home Thursday from Cincinnati, where they have been in attendance at the annual reunion of the Scottish Rite Masonic bodies of the Valley of Cincinnati Consistory. All of them pronounced the present reunion the greatest that they have ever attended, the pleasant weather of the week having much to do with the enjoyment that they experienced.

Four days of continuous degree exemplification will come to a

close Friday afternoon when the third degree of the Chivalric Series, the thirty-second degree, will be bestowed upon the class of eighty candidates, six of whom are from Portsmouth. At the close of the ceremonies the annual banquet will be served. The evening will be devoted to a three act comedy, presented by the Schuster players.

Several from this city will go down Saturday to attend the annual Shrine ceremonial, which will be held all day. Six or eight candidates for the Shrine work will be from this city.

How to Destroy Catarrh Germs and End Catarrh Forever

A Specialist's Advice.

Catarrh is a germ disease and the only way to cure it is to stay cured and never come back to it to kill and drive out of your system the catarrh germs which have found lodgment there. When the germ goes the catarrh will stop. The trouble with most treatments, like sprays, catarrh creams, etc., is that they give only temporary relief by opening up for a while the clogged head, throat and nostrils. In a little time the Catarrh comes back as bad as ever.

People who suffer continually from catarrh should get such temporary relief as they can and then get the real cure out. There is nothing better for such cases than breathing into your nose and lungs the pleasant, soothing, healing, germ destroying air of Hyonol (pronounced High-e-nol) made from the purest oil of Eucalyptus and combined with other powerful healing, antiseptic and germ destroying ingredients. Hyonol penetrates and kills the inflamed swollen membranes of your nose and throat, stops discharges, clears the passages and completely overcomes the disease by destroying its cause. For catarrh germs cannot live in your body after Hyonol reaches there. Wardlaw Bros., and many other good druggists in Portsmouth and vicinity have long sold Hyonol on a positive guarantee of successful results or money back and find this generous policy pays. Most druggists now have a pocket inhaler made from hard rubber with a very complete treatment sold. This makes a very simple, easy and convenient way of getting a thoroughly reliable means of treating the best known method this dangerous and often disgusting disease.

Arrest Moore

Sheriff Smith returned Friday at noon from Oak Hill having in custody William Moore a former resident of this city, who has been wanted here for several weeks on a charge of failure to provide food in probate court. Sheriff Smith got word Thursday that he was in Oak Hill and left early Friday morning to apprehend him. This child is now being cared for by Moore's mother-in-law, Mrs. Elmore, of Dry Run. Moore formerly resided on Summit street, this city.

A CLEAR COMPLEXION

Ruddy Checks—Sparkling Eyes—Most Women Can Have Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets, who knew them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter that one's system collects. If you have a pale face, yellow skin, dull eyes, pimples, coated tongue, headache, a listless, no-good feeling all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women, as well as men, take Dr. Edwards' Olive Tablets now and then just to keep in the pink of condition. Dr. Edwards' Olive Tablets, the successful substitute for calomel—10c and 25c per box. All druggists.

Mrs. Daniel Shephardson, who has been spending the past week in Ironville, will be at the Washington Hotel this evening and will be glad to see any friends she made while here several years ago with her husband, Dr. Daniel Shephardson, the "Wheel-Chair Evangelist," who held meetings at that time at the First Presbyterian church. Mrs. Shephardson will arrive on the 8:10 N. & W. train and will be ready to receive her friends as soon as she arrives and will leave for her home near Granville tomorrow morning.

A crowd of young people were entertained last evening at the home of Mr. and Mrs. Wm. Harsha. Those present were: Misses Ida Barnhart, Gladys Jenkins, Ella Heller, Eva Townsend and Molly Burns, and the Messrs. Earl Grashel, Clarence Cunningham, Leonard Bell and Earl Clifton. Games and music were indulged in until a late hour, all having had a very enjoyable evening.

The Woman's Missionary Union will meet next Thursday afternoon, at one o'clock, at the First Presbyterian church. The meeting is held a week earlier than usual on account of it being the World's Missionary week. The program will be given as follows:

Evangelism—Rev. Mr. Dillert.
Immigration—Mrs. Dunning.
Mormonism—Mrs. McAfee.

The Mothers' Jewels and Little Light Bearers of Bigelow Methodist church will meet Saturday afternoon at the home of Margaret Neudorfer, 1800 Ninth street.

The Whitsomever Guild of All Saints church will meet Monday evening, at 7 o'clock, at the home of Miss Goldie James, corner of Front and Bond streets.

Miss Edna Haeck will entertain the little club of which she is a member this evening at her home on Offshore street.

Mrs. W. H. McCull, of Seventeenth street, left this afternoon for a week's visit with relatives in Kentucky.

FRENCH STEAMER IS TORPEDOED KAISER IS ON HAND TO PERSONALLY DIRECT BLOCKADE

ATTACKED IN NAVAL ZONE OFF FRANCE BY GERMAN SUBMARINE

Dieppe, France, Feb. 19.—(Via Paris).—A German submarine torpedoed this morning, without warning, the French steamer Dinorah, from Havre for Dunkirk, at a point 16 miles off Dieppe. The Dinorah did not sink but was towed into Dieppe. No mention is made of the loss of any of her crew.

A plate on the portside of the steamer below the water line was stove in by the torpedo. Nevertheless the Dinorah managed to keep afloat by hard pumping. Word of the occurrence was taken into Dieppe by fishing boats and assistance for the Dinorah was promptly sent out. She was towed into port and her cargo will be discharged here.

The presence of a German submarine off Cape Ailly was reported four days ago. The daily steam traffic service between Dieppe and England has been suspended.

EMPEROR WILLIAM AT WILHELMSHAVEN

London, Feb. 19.—So far as is known to the present time, not a single German submarine was sighted during the first 24 hours of the German blockade of the British Isles, but there are increasing signs that Germany is bending every effort to make good her threat.

These are found in the sudden activity of Zeppelin airships in the North Sea, involving the loss of two of these vessels, together with reports that they are continuing to patrol, notwithstanding the rigors

of the weather. Added to this is the visit of Emperor William and Admiral Von Tirpitz to Wilhelmshaven, where, it is said, they hope to give impetus to the machinery designed to clear the waters surrounding the United Kingdom of all merchant shipping.

The Zeppelin airships presumably are watching for food-laden craft moving toward England. The hitting of the Dutch steamer Helena by a Zeppelin hovering over her mast-heads gives a new role to dirigible air-craft.

planes of the enemy. One of our aviators recently attacked two German machines in succession. He drove off the first, and left the second, to our artillery, which brought it to the ground in hostile lines.

The enemy has displayed considerable activity during the past few days southeast of Ypres. The fighting on this part of the line has at times been severe. At one or two points the enemy succeeded in regaining some of our trenches, but they were driven out by counter-attacks with great gallantry, in spite of the difficulties entailed by the bad weather and the water-logged condition of the ground around the trenches.

On the night of Feb. 15-16 an attack was made on our line north of the Ypres canal, and on the following night a similar attack was made near Neuve Chapelle. Both were easily driven off with loss to the enemy. All the ground recently gained by us has been strengthened and held without difficulty.

South of the river Lys our guns had effectively with the enemy's artillery, the fire of which has increased somewhat of late.

Our air-craft has carried out valuable reconnaissance and they have also successfully engaged aeroplanes of the enemy.

ORDER ARMORED CARS
Harrisburg, Pa., Feb. 19.—An order for three hundred large armored motor trucks, costing about \$1,500,000, was placed by the Russian government today with a local concern.

BLOCKADE WORRIES STEEL INDUSTRY

Pittsburgh, Pa., Feb. 19.—Officials of local steel companies are showing grave concern over the sudden advance of about fifty percent in the price of manganese. The sudden jump followed German's declaration of a blockade against England, which it is feared may interrupt the shipping of that alloy from the latter country to the United States.

ANXIETY FELT IN WASHINGTON FOR SAFETY OF SHIPS

Washington, Feb. 19.—Although Germany's reply to the American warning against attack on its vessels in the new sea war zones gave great concern to administration officials who feared for the safety of American shipping, it was hoped that an understanding might yet be reached for the protection of neutrals. No news had come that the mine and submarine campaign actually was in effect.

Germany's disclaimer of all responsibility for what might happen to neutral ships venturing in the danger zones and its announced intention to lay mines in the British waters served to add to official anxiety.

The contemplated action of Germany continues to command attention here and officials were looking forward with unabated interest to the receipt today of the official text of Germany's reply. They already had unofficial information giving an outline of the answer. Pending the arrival of the official text, however, officials declined to comment.

RUSSIA CONSERVES ITS CEREAL SUPPLY

London, Feb. 19.—A Petrograd dispatch to Reuter's Telegram company says that an important conference attended by the minister of agriculture it was resolved to recommend the requisition of all stored cereals amounting to 50,000,000 pounds (1,803,500,000 pounds) now in the hands of speculators.

The ministry of finance is organizing an international competition with prizes running up to \$15,000 for rendering methylated spirits and similar beverages absolutely undrinkable. Prizes of \$7,500 are offered for new or improved methods of utilizing spirits as combustibles. These awards with other prizes proposed aggregate \$300,000.

Considerable troop movements are reported along the eastern frontier facing Germany but information regarding them is closely guarded. The water defenses are understood to be ready for any emergency. New recruits for the army reached their training depots yesterday and more will arrive today.

Many Dutch vessels are now in British waters on their way to or from ports in Holland. Some apprehension is felt in shipping circles but it is pointed out that these merchantmen are easily distinguishable and consequently it is hoped there will be no untoward happenings. The reported encounter of the Dutch steamer Helena with a Zeppelin airship in the North sea and the fact that the vessel was not harmed is regarded as indicating that Germany does not intend to attack neutrals.

ZEPPELIN OVERHAULS DUTCH MERCHANTMAN

BLUECHER SURVIVORS ON WAY TO BRITISH DETENTION CAMP

Of the crew of 700 of the ill-fated Bluecher, which was sunk in a naval engagement between a German raiding fleet and Sir Admiral Jent's squadron, only 120 were saved. They were picked up by the British and taken to Edinburgh castle, where they were fitted out with thick warm clothing. They are seen here marching under guard to the detention camp, where they will be confined till the end of the war.

London, Feb. 19.—A dispatch from Rotterdam says the Dutch steamer Helena was overhauled in the North Sea last Tuesday by the Zeppelin L-5, which trained her guns on the steamer and ordered her to heave. When satisfied as to the Helena's identity, the captain of the Zeppelin apologized and reassured with his craft.

The activity of Zeppelin airships over the North sea continues, telegraphs the correspondent at Copenhagen of the London Star and this in spite of the fact that two airships recently have been lost. Gaps in the fleet caused by disasters are being filled by Zeppelins drawn from the airship stations in western Germany.

It has been asserted that the entire Zeppelin fleet is patrolling the North sea just outside of English waters. Zeppelin No. 2 is believed to be the flag ship.

CARRANZA THREATENED U. S. CONSUL

Washington, Feb. 19.—T. W. O. Jenkins, consular agent of the United States at Puebla, Mexico, was confronted by a firing squad of Carranza troops, who were about to execute him when he was saved by the timely arrival of an officer, is revealed in a long report just received by the state department.

Details of the affair became known today, together with the fact that strong representations on the subject as yet unanswered were promptly made to General Carranza. The United States government not only protested against the ill-considered treatment of an American consular agent, but demanded the punishment of those who had threatened him.

ADRIATIC ARRIVES

London, Feb. 19.—The White Star liner, Adriatic, which arrived at Liverpool late yesterday afternoon from New York after an uneventful trip flew the British flag all the way across the Atlantic. The Adriatic crossed the Irish sea at night.

NEW ZEALAND AID MOTHER COUNTRY

Wellington, New Zealand, Feb. 19.—(Via London).—The government has decided that all of New Zealand's surplus supplies of beef, mutton and lamb shall be reserved for the imperial authorities in response to their request.

BLOCKADE DIRECTED AGAINST AMERICAN TRAFFIC IN ARMS

Amsterdam, Feb. 19.—(via London).—A dispatch received here from Berlin quotes the Vossische Zeitung on the latest German communication to the United States as follows: "The new German measures at sea are directed against two of the allies of Great Britain. One is American traffic in arms and the other starvation. We need no American arms. We shall make the struggle with starvation, in the firm consciousness that we will pull through, even if not only a single grain of wheat reaches us. Great Britain, as a result of our blockade, must experience severe damage."

The Lokal Anzeiger says: "February 18 was the beginning of a defensive fight of a people threatened with starvation, a people which must fight for its existence and which in this fight for its life must and will push aside all considerations for third parties. Consideration of others toward us already has been eliminated. The fight we enter upon Feb. 18 must be fought with all recklessness or not at all, and we Germans have resolved to fight without regard for the consequences."

SHIP PURCHASE BILL GOES TO DEATH IN CONFERENCE

Washington, Feb. 19.—The senate Democratic leaders and the Republicans, the big supply measure are to be taken up and pressed in passage in order to avoid an extra session of congress. The first of the appropriation bills to come up today was the legislative executive and judicial bills.

PANAMA CANAL HAS EARNED TWO MILLION

Washington, Feb. 19.—Up to Feb. 2, after the Panama canal had been in operation just thirteen days short of six months, the total amount of tolls received passed the \$2,000,000 mark. The total amount of cargo transported in January was 448,937 tons, making a total of 2,192,950 tons passing through the canal from the date of its opening up to Feb. 1. The trade between South America and the United States and Europe was the largest item, amounting to 112,005 tons, and the next was westward bound coastwise traffic amounting to 109,000 tons.

Portsmouth Beats Maysville High

By using splendid team work Portsmouth High School's basketball quintet won their fourth game of the season Thursday evening in the local gym by the overwhelming score of 40 to 11. The team from Kentucky never had a look in at any stage of the game. The 10-11 was all over the floor and right on the job at the right time.

The visitors "made" their defeat, gamely showed plainly the lack of good coaching. Portsmouth had the ball in her possession continually and when one of the visitors had it it would only be for a few seconds.

The scoring started before the game was two minutes old. The second goal came after some of the prettiest basketball work ever witnessed on a local floor. The ball was in the visitors' territory when Test got it in his possession and from that end of the floor Test and handle kept the ball going between them until Test had it through the net for a goal.

Marshall who played center for Maysville is an excellent likeness of Test, the local center, in build but did not play as effectively as Test. He displayed very little knowledge of the inside sport.

"Bunt" Parker was the bright light of the visitors and his brilliancy shone at many stages of the battle. He scored half his team's points, all six points coming as the result of fouls. Hampton

Willard To Have Advantage In Age

New York, Feb. 18.—It ring proceed, out count for anything ago and waging odds should play a theoretical handicap to Jack Johnson in his coming contest with Jess Willard of the World's heavyweight championship. The odds are set at 10 to 1 in favor of Johnson, the former champion of modern times has been able to successfully defend his title after retelling (two age of 37, which is Johnson's age) will occur on March 21. Willard's exception of the negro, the present day champions in all classes, make around twenty-five years of age. Beginning with John L. Sullivan, who just his title to James J. Corbett, the records show that Sullivan was thirty-four years of age when the Californian defeated him at New Orleans on Sept. 7, 1892. In twenty-one rounds. Corbett was twenty-six years of age and the odds were 2 to 1 against him on the day of the battle. At the age of thirty-one Corbett fell before Fitzsimmons at Carson City, Nev., on March 17, 1897 with the betting 100 to 50 in his favor.

Welsh Needs The Money

New York, Feb. 18.—Arthur Shaffer, former third baseman of the Giants, who retired from baseball last winter, called at the local National League office today and informed President Knott that he was through with professional baseball for all time. He said the rumors that he would manage a Federal League team were unfounded.

THEN AGAIN!

Possibly one reason the baseball fans have been so slow responding in applying for help for the starving Belgians is that they had to have their money in diamonds and horse shoes for bull-players.

PLAYERS ARE KILLING GAME

Philadelphia, Pa., Feb. 19.—That ball players are now getting 90 per cent of all profits in the completion of Connie Mack, manager of the Athletics, who out by the Federals, and that organized ball could not afford to pay the price the players today demand.

To show the costliness of baseball, Mack claimed that the Federal League in 1914 lost \$200,000, and that the Philadelphia Nationals have not paid a dividend for 12 years.

Ironton To Stage Real Come Back

Ironton, Feb. 18.—The Ironton baseball club directors will be organized within ten days, and Ironton is assured a team in organized baseball, declared Dick Smith, one of the promoters of the local club yesterday, following a consultation which he held with Billy Doyle, agent for the Cleveland American League team, and an enthusiastic booster of the Ohio State League.

Billy was in the city yesterday and after a lengthy consultation with Dick Smith and those interested in the local ball club for the coming year, departed for Portsmouth. He looks forward to a brightening of the business prospects and a successful baseball year, which will bring peace to the baseball world.

The announcement that a local organization will be formed for the promotion of a ball club in Ironton will be received with joy generally by fan and all will look forward to speedy action on the part of the club boosters in securing a good club to represent the city.

The decision of Judge Landis in the Federal League suit has not yet been received, but it will now come too late to do more than cause a compound sensation in the various parts of the anatomy of the organized baseballists, as either one way or the other, the decision seems bound to bring about more litigation, unless the badly mistreated dove of peace succeeds in restoring order from the present chaotic conditions of the baseball sphere.

"Auto Robe" Thief Is Operating Here

Rev. O. Lloyd Strecker, pastor of Trinity Methodist Episcopal church, is the latest victim of the systematic automobile robe thievery that has been going on in Portsmouth the past few nights.

The minister had thrown his robe across the engine hood of his automobile and was waiting to take John T. Breese to his home, the latter's car having failed to arrive as expected. When they emerged from the church at Gallia and Offshore streets they found the robe had disappeared.

Rev. Mr. Strecker appeared in person at police headquarters to report his loss. He said he particularly valued the rug because it was a present from his father and though he had had it for a number of years it had not been subjected to hard usage and was as good as new.

Robert Mitchell, of the Chillicothe pike, had two robes stolen from his machine in front of the United Brethren church at Seventh and Gay streets the evening before. Alfred Lloyd, of 1708 Eighth street, had a robe stolen from his automobile, Tuesday evening.

Police Capt. Grant Cooper has a suspicion that the robe stealing is the work of shantymen and is busy investigating.

ANOTHER BOY STRICKEN

A letter received by Joe Schmidt, of the Portsmouth Bank, Thursday evening from his brother, George Schmidt, a student at St. Edwards college, Huntington, W. Va., tells of the death of another chessmate, Paul Barry, of Parkersburg. He did not state the cause of his death but it is supposed he also succumbed to spinal meningitis which recently carried off Clarence Schaefer, son of Grover Joe Schaefer, of this city, who attended the same college. The college authorities arranged to temporarily close the institution but the Huntington officials said such action was not necessary.

Pig Iron Buying Shows Improvement

Cleveland, Ohio, Feb. 18.—The Iron Trade Review today says: Pig iron buying shows some improvement in the east and a more optimistic feeling prevails in the south. In the central west, the demand is very light, but shipments are going forward satisfactorily on contracts. In finished materials, improvement is irregular.

The past week was the most active and prosperous which the machine tool market in the east has enjoyed since the outbreak of the war in Europe. Many orders were placed and there is a large amount of new business still pending. Cincinnati manufacturers of lathes are receiving large orders daily from the nations at war. Some plants during the past week have booked from 50 to 100 lathes per day.

DARKEN GRAY HAIR, LOOK YOUNG, PRETTY

Grandma's recipe of Sage Tea and Sulphur deters so naturally that nobody can tell.

"Almost everyone knows that Sage Tea and Sulphur properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray; also cures dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Now, by asking at any drug store for 'Wells' Sage and Sulphur Compound,' you will get a large bottle of this famous old recipe for about 50 cents.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, and it is so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy.

A. I. U. To "Doll" Up

At the meeting of the American Insurance Union held Thursday night, it was decided to reorganize and refurbish the hall on the third floor of the Security bank building. It will be refurnished and new tables and chairs will be purchased. The work will be done under the supervision of the trustees and George Corvett. The charter was ordered dropped for thirty days on account of the death of the late Dr. M. J. Beal of Lucasville.

To Continue Biggs House

Clay Wade says he will operate the Biggs House temporarily as a hotel rather than allow it to become vacant when David Tipton retires March 1. Mr. and Mrs. Wade are the owners of the property.

OPTION IS SECURED IN IRONTON BY TROLLEY LINE FOR TERMINALS

Raymond York, vice president of the Ohio Valley Traction company, and attorneys John C. Miller and Harry W. Miller have returned from Ironton where they succeeded in getting options on several pieces of ground to be used for terminal purposes in that city.

Mr. York stated Friday that property on North and South Fourth streets had been optioned and a site would be purchased probably within the next 30 days. "All we need in Ironton is a waiting room and an office building, and it will go up this summer," said Mr. York, Friday. "It will be a brick structure and will be designed to meet our purposes in every detail. We plan to touch the business section of Ironton with our new line."

Relative to Mr. York's visit to Ironton, Thursday, the Irontonian says:

It is the intention of the company, after getting into Ironton, to ask for a franchise on Fourth street, and then come up to the court house square at least. Just the route intended after reaching Hanging Rock is not definitely determined, but it is known that Attorney O. E. Irish last fall secured options along the edge of the hill above Hanging Rock and through Sedgwick. This would probably mean the bridging of Storms Creek or some arrangement for widening the N. & W. fill at the north corporation line to accommodate the traction line.

ATTENTION G. A. R. AND THE S. O. V.

Commanders of Bailey Post G. A. R. and other G. A. R. Posts and all Sons of Veterans, members of the order are asked to attend the re-organization of the S. O. V. auxiliary this (Friday) evening at Selby (G. A. R.) hall, Gallia and Findlay streets and help by their presence to give the new organization and new officers an enthusiastic start in the good work they will engage in.

All members and prospective members and all comrades and Sons of Veterans are asked to come early.

CANTON ORIENT VISITS THE LOCAL ODD FELLOWS

Attendance at the meeting of Orient Rhenishment No. 26, I. O. O. F., was the best for some months. George W. Clifford received the Golden Rule degree, the work being conferred in a very creditable manner.

A visit from Canton Orient No. 67, Patriarchs Militant, was a matter of some interest. As this organization has just entered into the most progressive period of its existence, having more than doubled its membership in the past few months. After Captain Shelton had drilled the members a short time everybody wended

his way to the table and partook of oysters, celery, coffee and cigars.

James McDaniel will receive the degree of Chivalry. The Rhenishment at its session also received and referred several applications for membership.

Series Of Socials

Several applications were presented at the regular meeting of the Royal Neighbors of America Thursday evening. The members plan to hold a series of socials during the spring months.

MRS. PANKHURST IS DELIGHTED TO SEE WOMEN DOING MEN'S WORK DURING WAR

Mrs. Pankhurst interviewing a Paris woman conductor.

Mrs. Pankhurst, leader of the English militant suffragets, has declared a truce during the war, and is doing everything possible to aid the allies. She is delighted to see women doing so successfully work which men alone did before the war. The accompanying photograph, taken in Paris, shows Mrs. Pankhurst talking to one of the women conductors of the Paris transit lines as to the nature of her work, her hours, and her remuneration.

OBITUARY

Mrs. Mary Searl

Mrs. Mary McCall Searl, aged 68 years, whose husband, the late Squire McDaniel Searl of South Webster died January 11th, succumbed to uraemic poisoning and a complication of diseases at the home of her daughter, Mrs. Albert G. Dunn, of 1323 Offshore street, Thursday night, at 9:30 o'clock.

Mrs. Searl had come here for a visit shortly after the death of her husband, only to become ill and for the past ten days had been steadily growing worse. Mrs. Searl was one of the most respected women of South Webster and leaves a wide circle of friends to mourn her death. She was a member of the Methodist church at that place. Besides Mrs. Dunn she leaves another daughter, Miss Margaret Searl, of South Webster, and is survived by two sisters and two brothers: Misses Margaret and Stella McCall of South Webster, Dr. E. O. McCall and Grover J. J. McCall of this city. She was an aunt of City Solicitor Stanley McCall.

The remains will be taken to South Webster where the funeral will take place Saturday at 1 p. m. Rev. Samuel Elsen will conduct the services. Burial will take place in the village cemetery there.

HAVE NEW HOME

Ladies of the Maccabees have changed their headquarters from the Frischoff hall in the East End to the A. I. U. hall in the Security bank building at the southeast corner of the government capitolade. The next meeting will be held in the new quarters on the evening of March 2.

At the meeting last Tuesday evening, Mrs. Lydia Hornbuckle was elected as delegate to the state meeting of the order, which will be held at Nelsonville this spring.

Bishop Better

Local authorities are undecided what to do in the case of Emil Bishop, the local coat-maker, who was adjudged insane in probate court Thursday afternoon. His condition showed considerable improvement Thursday afternoon and evening, and caused his relatives to hope that he could be cured for in some private sanitarium. He became violent again Friday morning, however, and the advisability of such a move seemed remote.

Louis Bishop, a brother, arrived Thursday to assist the family in caring for the stricken man. Nothing will be done definitely toward finding a place for him until an observation of his condition during the next day or so is made.

Dance Successful

Fifty couples attended the dance given Thursday night by the Ben Hur Military Club. These dances very always well attended. Music was furnished by the Journey Trio.

The Movies

"Cameo Kirby" Paramount

Today is Paramount Day at the Columbia, and one of the best of all Paramount pictures, to date, will be offered in "Cameo Kirby," an interesting story of the South before the war, with Dustin Farnum playing the part of "Kirby," supported by Miss Winifred Kingston and an all-star Paramount Company.

Dustin Farnum is recognized as one of America's foremost actors and Miss Kingston is conceded to be one of the most beautiful women in motion pictures, and the play, "Cameo Kirby," furnishes each of them almost excellent opportunity to show their ability.

It is a story of the good old days on the Mississippi river and "Cameo Kirby" was one of the famous characters of his time, and the story of this play is filled with intense interest and thrilling situations all the way through.

Don't overlook this big five-reel picture at the Columbia today.

Search For Boy

The police received a message from the Cleveland authorities Thursday, asking them to aid in the search for Carmine Sepe, a 14-year-old Italian boy, who mysteriously disappeared from his home in that city July 24, 1914.

Washington Being Honored In Schools Of The City Today

Washington's birthday anniversary will be appropriately celebrated in the public schools this afternoon, beginning at two o'clock, with patriotic programs, followed by addresses to the various grades by local speakers assigned for that purpose. The latter part of the program is in charge of a committee from the four patriotic societies of the city, the G. A. R., the Sons of Veterans, the Spanish-American War Veterans, and the Women's Relief Corps.

Monday is the anniversary of Washington's birth, and the public schools will close in honor of "The Father of His Country." For that reason, the patriotic exercises will be held today.

The exercises at the high school were held this morning, at eight o'clock, with Charles E. Hard and D. P. Pratt as the principal speakers. The entire student body of the high school was in attendance, the program having been given in the high school auditorium.

The assignment of speakers for the elementary grades in full is as follows:

Lower Fourth—D. P. Pratt and

John McMillen.

Second Street—George S. Carroll and Henry H. Winter.

Bond Street—W. H. Williams, Walter Bagby, Ornd Mlatend, Sherrard Johnson, Dr. W. A. Quinn.

PLEADS FOR PARENTS

Springfield, Ohio.

Editor Times:

Would you please publish this letter in your daily paper. I am an ex-resident of Portsmouth and I know all about the Peerless City. In regard to the Craig family of Mill street, I say this, the woman who wrote the piece, the cry for help, has just started the thing backward. I say give the woman a chance. First give the husband a steady job; second, give the woman something to clean her house with; third, supply them with enough clothing for a change. And

wait a month and then return to see how the change is made. I'll venture to say they will get along all right for she must have a loving mother's heart in her or she would not be trying to keep her little brood together. I am a mother and I don't believe in sending children to the children's home when they have parents. For God's sake give the parents a chance and I don't think you will have any more trouble. The most trouble today with social work is they nearly always start the thing backward.

Train Victim Will Be Buried Sunday

The body of Mason McNeal, whose life was snuffed out without warning Thursday afternoon by N. & W. passenger train No. 15 as it was nearing Sciotoville was Friday morning shipped to Edgington, Ky., where the funeral services will be held from the dead man's home there Saturday or Sunday. The body was brought to this city early this morning and was then taken to Fullerton, where it was placed on the noon C. & O. train and taken to Edgington.

Coroner Dr. Walter Daehler, who viewed McNeal's body shortly after the fatal accident, found that McNeal's skull was crushed, both legs were crushed, the right jaw was broken and his neck was broken. The train was traveling 35 miles an hour when it hurled McNeal into eternity. His partner, Charley Sowards, narrowly escaped a similar fate, the pilot of the death-dealing engine fairly rubbing Sowards' coat.

Sowards and McNeal had delivered ties to the Taylor Lumber company of Sciotoville and were on their way home when McNeal was killed.

McNeal, who was 23 years old, was a son of Mr. and Mrs. John McNeal, well-known residents of Edgington. He had for several years been employed by the C. & O. and when laid off recently he began to make ties for various railroads. He was popular and a very industrious young man. McNeal leaves the following sisters and brothers: Charles of Tygart, Ky., Clyde employed by C. & O., Mrs. Flora Radcliff of Covington, and Miss Edith McNeal at home.

Charles McNeal reached Sciotoville last night and accompanied the body to the old home. The only eye witness to the fatality was Ray Wamsley of Sciotoville. He corroborates Sowards' version of the deplorable accident.

Albert Adkins of Edgington, accompanied Sowards and McNeal to Sciotoville, but he did not start home with them.

CHARITY SOCIAL WILL BE GIVEN

The entertainment committee of the Jr. O. U. A. M. reported at the meeting Thursday evening, that arrangements were being made for another "Charity Social" some time in March. The feature of the affair will be a mock initiation, the speaking parts for which are now being rehearsed by the members who will take part.

One candidate, Charles Martin, was initiated into membership at the meeting, while one other application was received. The initiatory work was put on by the degree team, which was out in full force.

Members of the order were invited to attend the social to be given next Tuesday evening by the Daughters of America, an auxiliary organization, and many signified their intention to attend.

Has Opened Repair Shop

Owens Burkhardt has fitted up a gas engine repair shop at the rear of his home, 231 Front street. The young man was formerly employed with the Portsmouth Engine Company and later with the Ironton Engine Company.

"Coke" Vending

The police are quietly investigating reports that illicit cocaine vending has been resumed in a certain part of the city. They have under surveillance a man who has been making frequent trips to a nearby city of late.

BACHELOR'S IDEA OF EXPENSIVE LUXURY

Drawn by Eva Shepherd

Copyright, 1915, by Herbert Ponting.

She is such a frivolous girl, but did you ever see anything more joyous and irresponsible than that concentrated bit of frivolity, the sunbeam? She frivolous right into the heart of the crustiest bachelor, and though he knows she is an expensive luxury, the sheer delight of her captivates him and melts the ice from his frost-bound heart! And what a dreary world it would be without these colorful confessions which are to a man's heart as the first spring blossoms are to a world weary of winter.

French Newspapers Are Ironical On Text Of German Reply

Paris, Feb. 19.—Despair plainly inspired Germany's reply to the United States' protest against the submarine blockade in the opinion of writers in all sections of the French press who all condemn with ironical comment. The tone of the document they consider moderate enough but declare the reasoning preposterous and its meaning plainly defiant.

The Matin says the reply in substance ignores America's warning and the Berlin government practically refuses to give the assurances asked.

Georges Clemenceau expresses the belief that terror of famine has driven Germany to the worst extremes. He argues that Berlin would do wisely to ponder the military power, enormous industrial resources and indomitable courage of the citizens of the United States.

HUSBAND IS MISSING

The police received a letter from Mrs. Lillie Hatfield, of Eskdale, W. Va., Thursday, asking them to assist in locating her husband, Jim Hatfield. She writes that he left suddenly last October and has not been heard from since. He left her with four small children and they are now in destitute circumstances. Mrs. Hatfield said that he always seemed greatly attached to the children and she is unable to account for his departure. She had heard recently that he had been seen in Portsmouth.

Honored By His Class

The Valparaiso University school paper, Valparaiso, Ind., says:

A meeting of the High School Department was held Thursday evening, January 14, 1916, and a large number attended. The first important action, after deciding that our officers were to hold office for one school term, was the election of Miss Tuttle for secretary, and this young lady immediately proceeded to prove her efficiency. The next office to fill was president, and Mr. H. W. Edgington was selected by an overwhelming majority. Mr. Edgington has long been known by his classmates to be wholehearted, loyal and enthusiastic, and his rousing appeal for class spirit met with hearty approval and loud applause. After taking the chair Mr. Edgington at once demonstrated his executive ability. He is a fine wire, and every member of his class is going to stand shoulder to shoulder with him in making this department worthy of note. He was elected also as one of the entertainment committee.

Mr. Edgington is the son of Mr. and Mrs. S. L. Edgington, of South Portsmouth. His many friends will be greatly pleased to learn of his success.

Four New Eagles

Four candidates, Charles McCormick, Carl Hartman, Frank Bender and George Shaffer were initiated into membership at the regular weekly meeting Thursday evening of River City Aerie, No. 567, Fraternal Order of Eagles. Six new applications for membership were received. The largest crowd ever present at an initiation was present.

The initiatory work will be exemplified again at the meeting next week, as several candidates are awaiting initiation. A social session followed the meeting Thursday evening, which was hugely enjoyed.

Driving Piling

Large crowds are witnessing the interesting work of driving concrete piling for the protection of the abutment at the Portsmouth end of the new county bridge which will span the Scioto river.

The piling are eight-cornered and 20 ft. long and sink into the ground fully two feet with every drive. The work was started in earnest Thursday and contractors and other people from all parts of the city gathered to watch the operations.
